

# S. P. TRAINS IN COLLISION

## STRUNG UP THREE TIMES AND LIVES.

Spivey Brothers Has An Awful Experience With a Mob.

Crowd Battered Down Doors of the Prison to Get the Accused.

HAMILTON, Ohio, Oct. 2.—The physicians attending the Spivey brothers, two of the five men injured in the riot at Oxford last evening, report both today in a serious condition. Louis, who was shot by citizens who were assisting the officers, is in such a serious condition that physicians cannot probe any further for the bullet. Joseph Spivey, who may recover, presents a horrible appearance. Both ears are torn and his neck is raw and swollen from the effects of the rope, while his face is also disfigured. His most serious injury is a scalp wound which was caused by being hit by a stone.

ONCE IN PRISON.  
The Spivey brothers confessed today that they had been in shooting scrapes before, having served terms in the penitentiary at Frankfurt for shooting to kill. They ascribed the whole trouble at Oxford to their drinking. Joseph Spivey when asked today for his nearest of kin, replied that Deputy Sheriff Brannon was his best friend. Brannon is the officer who broke through the crowd and cut the rope last night. Spivey was strung up last night.

CAUSE OF TROUBLE.  
OXFORD, Ohio, Oct. 2.—Five men were seriously injured and one narrowly escaped lynching several times.

## ONLY A ROUTINE RELIEF.

JAPANESE MINISTER SPEAKS OF MOVEMENT OF JAPAN'S TROOPS.

LONDON, October 2.—Baron Hayashi, Japanese Minister here, has given views on the movements of Japanese troops in Korea, announced from Paris yesterday in an interview with the minister. "From the published accounts I am certain that any movement of troops is only the routine relief of the Japanese forces guarding the telegraph line from Tientsin to Seoul and Chemulpo. To send a small body of troops to Korea would be no menace to Russia and would have no effect on her plans. A mobilization of the Japanese forces on a large scale is not contemplated for a moment, and Corea's consent would have to be obtained for any such step."

## EMPLOYEES VOTE AGAINST STRIKE.

NEWARK, N. J., Oct. 2.—The employees of the Public Service Corporation, which controls a big system of trolley lines in this and adjacent counties, have voted overwhelmingly against a strike on the company's system, according to a statement made today by National Treasurer Orr, of the Amalgamated Association of Street and Electric Railway Employees. Seventy-five per cent of the votes cast yesterday in Essex, Passaic, Hudson and Union counties were against the proposed strike, he said.

## DROUTH BROKEN BY BIG DELUGE.

TOPEKA, Kan., Oct. 2.—A special to the State Journal from Pratt, Kan., says a cloudburst early Thursday evening did considerable damage to property and sent the Ninnescah, an ordinary stream, over a mile in width in a brief time. At least three inches of rain fell within the hour and the Santa Fe railroad tracks are a foot under water. The city water pumps are under six feet of water. No lives are reported lost. An eight-week drouth was broken.

## SAY THE CAPITALIST WAS INSANE.

Ready for the Sensational Battle in Lloyd Will Contest.

Witnesses Are Here and Will Tell About the Boxall Shooting.

The contest of the will of Capitalist Charles R. Lloyd, formerly of Berkeley, who was shot by his nephew, William Boxall, about a year ago in the Southern part of the State, which will begin in the Superior Court in this city next Tuesday morning, promises to be one of the most interesting cases of the kind which has ever been tried in Alameda county. The contestant, Fred W. Lloyd, and his attorney, Mr. Wylie of Los Angeles, are here ready for the fight.

In it Fred W. Lloyd, the oldest son of the deceased, will seek to be granted a share of an estate, the value of which is in the thousands, but the exact value of which, however, is only a matter of speculation.

By the terms of the will, Fred W. Lloyd has been disinherited—left without a penny—while all the other members of the family, the widow, who is the second wife of the deceased, and three children, sisters and brothers respectively of Fred, the offspring of the first marriage, are beneficiaries to the same degree that they would have been had there been no will at all left by the decedent. Lloyd had no children by his second wife.

THE SON'S CLAIM.  
This harsh paternal treatment has aroused the resentment of the young man, who considers that a life of filial devotion to his parent has been ill-rewarded.

## NEW YORK WALKING DELEGATE STIRS THINGS UP IN A CONVENTION.

KANSAS CITY, Mo., October 2.—Samuel Parks, the New York walking delegate, won a personal victory over President Frank Buchanan in the forenoon session today of the International Association of Bridge and Structural Iron Workers. It developed when an amendment to the constitution, drawn by J. Dugan of Chicago, a Buchanan adherent, to the effect that no man holding political office be eligible to representation at any convention or to hold an executive office therein came up for vote. It was directed at Richard J. Butler, a member of Local No. 2, and an Assemblyman from New York City. President Buchanan left the chair and spoke for the amendment.

Mr. Parks aroused the convention to the highest pitch of excitement. He declared that the amendment was aimed at him, for it sought to oust his protégé, Assemblyman Butler. It was nothing but another fight by President Buchanan and his crowd against Union No. 2. Mr. Parks then paid a glowing tribute to Delegate Butler, asserting that he had done great things for union labor in New York by securing the passage by the Legislature of that State measures favorable to the organized workingman. "Do you want to turn this man down?" he "fairly shouted, "in favor of a man whose rulings you have already repudiated? Of course, you don't. Vote against this amendment and be men."

After Parks had taken his seat it was some minutes before President Buchanan restored order and called for the vote. So intense was the demonstration for the New York delegate that the amendment was declared defeated by a vote of 15 to 32. Parks was congratulated. One-third of the delegates did not vote. After the convention adjourned the Parks contingent overtook Frank Buchanan of Chicago.

This morning the Buchanan men still claimed forty-six votes for Buchanan, while the Parks element asserted positively that they had forty-three votes pledged for Donnelly. Forty-two votes are necessary to elect. Aside from the president the only other contest is for secretary-treasurer. The Buchanan element will try to elect J. L. Milton of Pittsburgh to succeed J. W. Johnston of Local No. 2 of New York, the present incumbent, while Local No. 2 of Chicago will present P. J. Dalton of that city.

## MILLIONAIRE AND HIS FAMILY ARE PROTECTED BY ARMED GUARDS.

## DISASTROUS COLLISION ON SOUTHERN PACIFIC.

BEOWAWE, Nev., Oct. 2.—A disastrous head-on collision occurred last night on the Salt Lake division of the Southern Pacific at this station. The first section of train No. 6, the Atlantic Express from San Francisco, collided with the second section of No. 219, a westbound freight train.

One passenger was killed and twenty injured.

### THE DEAD.

ALLEN HARPER, aged about 34 years, Pocatello, Idaho, a member of the Order of Railway Conductors and a Knight Templar.

### THE INJURED.

MRS. L. SMITH, 587 Clark street, Chicago, bruised about the left knee; sprained back.  
JAMES M'ARTER, 307 North Fourth street, Haverizon, N. J., left hand sprained and bruised, contusion on the head.  
P. A. BYANSKI, Gordon, Ind., right leg broken.  
REV. GEORGE COMFORT, Lam-borne, Pa., right arm fractured in two places; extensive laceration of the entire right hand; amputation of the arm necessary.  
THOMAS CROWLEY, Chicago, right leg bruised.  
F. J. FORD, Quick City, two abrasions on right side of nose, right hip sprained.  
GRANT PYLE, cattle buyer of San Francisco, left hand cut and cut over left eye, nose broken and right arm injured.  
N. NESHIDE, Japanese of Sacramento, left thigh bruised.  
U. MATSUYOSHI, Japanese of San Francisco, left leg bruised.  
J. TRACY, San Francisco, right leg bruised below knee.  
E. THORNE, Evanston, Wyo., laceration of the right foot, amputation necessary; scalp wound.

WILLIAM GROSS, passenger brakeman, Wadsworth, Nev., bruised about breast bone and knees.  
J. W. LITTLEJOHN, Wadsworth, Nev., engineer on the first section of No. 6, left leg broken below knee.  
J. B. STONE, Wadsworth, Nev., fireman on the passenger train, cut over left eye, severe concussion, possible internal injuries.  
J. C. HOLLAND, Wadsworth, Nev., conductor in charge of the passenger train, cut over right eye, body bruised.  
MRS. M. L. TROWBRIDGE, Bridgeport, Conn., severe sprain of the back and lower muscles of the abdomen.  
MISS MAE MCKINLEY, Kingfisher, Oklahoma, sprained back.  
MRS. J. NORMAN, Eiko, Nevada, bruised over left eye, injured in the breast.  
ANTONIO DIGOVINC, Oakland, California, injured about hips.  
T. E. MATHEWS, Ogden, Utah, Wells-Fargo Express messenger, cut about head.

### RELIEF TRAINS.

Relief trains were sent to the scene of the wreck from Winnemucca and Carlin, carrying doctors. Among the passengers on the train were a doctor and a trained nurse, and two discharged soldiers. The latter had served in the Hospital Corps in the Philippines. They rendered great service to the injured before the arrival of other medical assistance. The concussion was so great when the trains collided that a passenger coach telescoped the smoking car for half its length. The engines are now locked together. Mr. Harper was sitting in the rear end of the smoker and was pinned in the wreckage, being horribly mangled. Death was not instantaneous but nearly two hours were consumed in extricating the body. Many remarkable escapes from death are told by the passengers.

The second section of Train No. 219 came down the main line at Beowawe.

## THOUSANDS MASSACRED BY TURKS.

Town Surrounded and Everybody Killed But Ten Men.

Announcement Made That the Macedonian Revolution is Broken.

SOFIA, Bulgaria, Oct. 2.—The Macedonian revolutionary headquarters assert that they have positive information that the whole Christian population of the town of Mehinia (Bazalog), province of Seres, were massacred September 28, with the exception of ten men who escaped with the news. The population was about equally divided between Turks and Bulgarians. The latter numbered 3200 persons.

REVOLUTION ENDED.  
SOFIA, Oct. 2 (5:41 P. M.)—According to advices received here this afternoon (Continued on Page 3.)

## EYE PROTECTION.

The State of California has at last placed the eyes of its people under the protecting wing of the law. Opticians must now obtain certificates from the State Board of Examiners. Among the first to qualify under the new law were I. A. Beretta, Oakland's well known optician, located at 45 Thirteenth street, and his assistants, Harry E. Eiken, William H. Davis, Forrest E. Brown and E. A. Petar.

## ADMINISTRATOR'S AUCTION SALE.

We have received instructions to sell the fine furniture, carpets, piano, etc., of the late Captain Brown and J. Hinton at public auction Saturday, October 3, at 2:00 p. m., at 1256 Park street, near Central avenue, Alameda. Comprising in part: Two fine pianos, elegant line of bedroom furniture, extra fine line of parlor pieces, fine couches, extra fine line of carpets, rugs, lace curtains, bed-room pieces, fine chairs, extra fine line of choice pictures, massive walnut sideboard, china and glassware, two extension tables, dining chairs, jewelry, trunks, ranges, gas stove, etc. Some odd antique pieces, etc. All must and will be sold to suit us.

J. A. MUNRO & CO., Auctioneers, 1501 Park street, Alameda. Telephone Grand 176.

## BATTLING FOR WATER RIGHTS.

Spring Valley and Bay Cities Have Now Locked Horns.

Both Companies Want to Control the Mt. Hamilton Streams.

SAN JOSE, Oct. 2.—The published report from Gilroy that agents of the Spring Valley Company are buying up land so as to control the Uvas waters is emphatically denied by Engineer Schuessler of the Spring Valley Company, who is now at Del Monte. There is a struggle going on between the Bay Cities and Spring Valley Companies for the control of the Coyote watershed in this valley.

Both claim the waters of the Mount Hamilton streams and the Bay Cities Company has been notified by the Spring Valley that any attempt to divert the waters of these streams will be resisted.

WILL GO EAST.  
On Monday Mr. and Mrs. A. A. Moore depart for an extended trip throughout the East, where business will detain Mr. Moore several months.

Children like Pilo's Cure. It is pleasant to take and cures their coughs. 25c.

CLUB WILL MEET TOMORROW.

MUSICAL AND LITERARY PROGRAM ARRANGED FOR OCCASION.

ALAMEDA, Oct. 2.—The Adolphian Club meets tomorrow afternoon and the following interesting program has been arranged: Quartet—Mandolin, violin, lute and piano, "March des Mandolinists," E. Meszaccapa, Mrs. Sherwood, Miss Mary Sherwood, Master Warner Sherwood and Mr. Adelstein, recitation, "Les sons in Cooking," Miss Besse Yard; monologue, "Maggie at the Telephone," Samuel Barclay; lute duets, (a) "Elegia," L. Musso; (b) "Notturmo Veneziano," E. Munier, Mrs. H. H. Sherwood and Mr. Adelstein, recitation, (a) "Carcassonne," translated from the French by Sherwood; (b) "Over the Hill," E. H. Hastings, Miss Besse Yard; monologue, "The Special Train," Samuel Barclay; quartet—mandolin, violin, lute and piano, "Souvenir de Milan," Celebre Melodie Tzigane, Edward Jouve, Mrs. Sherwood, Miss Mary Sherwood, Master Warner Sherwood, M. Adelstein, recitation, (a) "She Liked Him Rale Weil," Andrew Wansley; (b) "An Idyl of the Banisters," Bret Harle, Miss Besse Yard; monologue, "Mr. Boggs," Samuel Barclay; lute solo, "Mirto E. C.presso," Elegia, C. Graziam, Walter, Op. 180, Mrs. H. H. Sherwood; recitation, "The Dumb Waiter Drama," Eleanor Hoyt, from "The Mistle-means of Nancy," Miss Besse Yard; monologue, "What Emily Strathmore of Strathmore's House Did," Samuel Barclay; quartet—mandolin, violin, lute and piano—Le Chant du Gondole (Barcarole), E. Meszaccapa, Mrs. Sherwood, Miss Mary Sherwood, Master Warner Sherwood and Mr. Adelstein.

HOME OF TRUTH SOCIAL.

ALAMEDA, Oct. 2.—The social given at the Home of Truth, corner of Central avenue and Broadway, last night in commemoration of the tenth anniversary of its establishment in this city, was well attended. During its presence here this religious body has won a wide circle of friends and has a strong hold on those who follow its teachings.

EXPENSE BILLS FILED.

ALAMEDA, Oct. 2.—Fred K. Kauth, fire chief, has filed the salary list for the month of September. The list shows that \$140 was expended for salaries and the demand is drawn for that amount.

Police Chief John Conrad has filed a demand for \$11.80 for incidental expenses incurred in the running of the Police Department during the past month.

ELECTRICIAN WILL MOVE.

ALAMEDA, October 2.—The old city library is being rapidly converted into office quarters for City Electrician Wieser. The latter department has grown to such proportions that it was evident a change must be made in the near future. Wieser will have every facility for conducting his office work in his new quarters.

PERSONAL AND SOCIAL.

ALAMEDA, October 2.—Mrs. L. L. Gillogly, City Clerk Gillogly's mother, is spending a few weeks with relatives in Humboldt county.

Joseph Morlino has returned from his hunting cabin near Newark. During his stay there he entertained many prominent sportsmen of this city.

Miss Alice J. Woodward of Alameda was married to J. L. Hoover of San Jose recently. The bride performed the ceremony in San Francisco.

Mr. and Mrs. Fred Berry have moved from their residence on Alameda avenue to Palo Alto, where Miss Jessie Berry is attending Stanford University.

Harry Taylor, the well-known newspaper man of this city, has returned from an extended trip to Southern California.

RUSSELL REED SCORES SUCCESS ON THE STAGE

RUSSELL REED. Russell Reed, a very successful young actor, has just returned from a tour of the Northwest. He has a bright future in his chosen profession.

MAKES SERIOUS STRIKING LINEMAN CHARGE. BEATEN.

C. H. FIEST SAYS HIS WIFE TRIED TO POISON THEIR BABE. FOUR NON-UNION MEN ARE ARRESTED ON CHARGE OF BATTERY.

ALAMEDA, October 2.—The latest phase in the sensational divorce case of C. H. Fiest vs. Mrs. Fiest, which is now pending, is the charge of Fiest that his wife attempted to poison their little baby last Wednesday by administering drugs. Fiest claims that the baby's life was saved only by medical aid, which he hastily summoned. As yet the district attorney only has the matter under advisement, as the evidence against Mrs. Fiest is not very strong.

When the Fiest case came up a short time ago, considerable publicity was given to it. It developed during the proceedings that the child had been sold by the mother for \$500. It was subsequently recovered from a wealthy family into which it had been adopted.

In the meantime, Mrs. Fiest has the child but his father is allowed to pay visits at stated intervals to the house.

POWELL-SPEAR CASE. ALAMEDA, October 2.—The case of Powell vs. Spear will be settled next week. Justice of the Peace Cone has been carefully considering some of the points offered by either counsel. It will take several days to split these legal hairs, but a judgment will probably be given by the latter part of the coming week. It is thought that either decision will be appealed.

TAX LEVY TONIGHT. ALAMEDA, Oct. 2.—Tonight before the Board of Trustees the tax levy will come up for final consideration. It is expected that it will be allowed to stand at the present figure, \$1.25. No other business of importance is expected to come up.

NO WEDDINGS ON WEDNESDAY NIGHTS.

CENTRAL PASTORS WILL NOT MARRY COUPLES ON THAT EVENING.

"No Weddings on Wednesday Evenings" will probably be the announcement of the pastors of the central Oakland churches from this time forward, and hereby hangs an interesting tale. Wednesday evening has been a very popular evening for weddings and those most anxious to have Wednesday evening weddings have been prominent members of the churches, so that it very frequently happens that the pastors have been called upon to officiate at a wedding held on that evening, and in consequence have found it necessary to be absent from the regular evening prayer meetings.

Deacons, elders, trustees and the most prominent and influential members of the congregations have insisted upon having their pastors perform the marriage ceremony. In view of this fact the pastors of at least the three principal churches of Oakland—the First Presbyterian, First Methodist and Methodist—have consulted together to see if they could not be present at the Wednesday weddings and not be absent from the weekly prayer meeting. The Rev. Charles E. Brown proposed to the Rev. E. J. Baker and Rev. E. H. Dille that a change be made in the prayer meeting held on Wednesday to Friday evening, a change they all agreed that weddings and prayer meetings were events that they could not well neglect they decided to bring the matter before their prayer meetings and suggest that a change be made.

The matter was brought on a vote recently and the prayer meetings of two of the churches decided by a large majority not to change, therefore the prayer meeting will be on Wednesday. Members of the congregations took occasion to say at these meetings that they felt it very important that the pastors should be present at the prayer meetings, and some went so far as to say that people who insisted on being married on Wednesday evening could have a divorce. The matter will be on Wednesday. Members of the congregations took occasion to say at these meetings that they felt it very important that the pastors should be present at the prayer meetings, and some went so far as to say that people who insisted on being married on Wednesday evening could have a divorce.

It remains yet to be seen which will have the most drawing power with the pastors, the Wednesday evening prayer meetings or the wedding service. The points urged in favor of Friday evening were that it was an evening on which young people in schools and colleges were free from their studies and could attend, and, second, that a Friday evening meeting would be a valuable preparatory service for the Sunday service. Drs. Brown and Baker both had experience with the Friday evening meetings in the East and found them very successful.

However, the pastor's men and friends, to remark: "The accepted lover said, 'set the date down,' and the maid sighed and said, 'any night but Wednesday.'"

C. F. LAMSON IS DEAD.

FATHER OF NANCE O'NEIL PASSES AWAY AT FRENCH HOSPITAL.

SAN FRANCISCO, October 2.—George F. Lamson, the well-known auctioneer of this city, died yesterday at the French Hospital, at the age of 74 years. The deceased had been a sufferer from Bright's disease for some time. Last winter he was confined to his bed for some time, but recovered sufficiently to continue business. A short time ago he was again taken ill and went to the French Hospital where he remained until his death.

George F. Lamson was at one time a Baptist minister, but he left the ministry to take up auctioneering from which he realized a large sum of money. He had two daughters, Nance O'Neil, who was married to a prominent actress of the day and Elhan Lamson, who also sought honors on the stage, much against her father's wishes, he being a devout Baptist. This caused a rupture between him and his wife who was in favor of the move, and they separated.

When Nance O'Neil first made her debut in the theatrical profession, her father got down on his knees in the First Baptist Church of Oakland during a prayer meeting and prayed that success might never attend his daughter while she continued a career which he thought sinful.

While auctioneering, Lamson made some bad speculations and lost all his fortune and while he was sick, his wife, who was in a straightened circumstance, the Rev. H. J. Vosburgh of the First Baptist Church went to his assistance and he and his congregation saw that the sick man was taken care of.

Some time before he was taken ill, Mr. Lamson had become reconciled with Miss O'Neil and when he became poor and his health failed him, she sent him a monthly allowance which continued until his death.

The funeral will be held Saturday from Taylor's undertaking parlors, corner of Clay and Fourteenth streets, Oakland. The Rev. H. J. Vosburgh will conduct the service.

WHIST PARTY GIVEN. Foresta Circle, No. 515, W. O. W., gave a whist tournament and dance at Alcatraz Hall, corner Seventh and Peraltas streets, on Wednesday evening, September 30.

Several costly and beautiful prizes were awarded to the winners. The neighbors of the circle are taking a great interest in the work. A large number of applications have been received and a big initiation is soon to follow.

Foresta Circle will hold its next regular meeting at Alcatraz Hall Tuesday evening, October 6, to which visiting neighbors are cordially invited.

HAMLET NEXT APRIL. BERKELEY, October 2.—I was announced at the University today that Ben Greet will present Hamlet in the Hearst Amphitheater on the 24th of next April. The production will constitute the second dramatic festival, the first having been dedicated to the Greek theatre.

The play will be presented as it was written by Shakespeare, and the English hundredth anniversary of its original presentation in London.

Early October Offerings

Today's news is devoted to price-attractive offerings for early October. Every department presents equally attractive opportunities to the careful shopper.

Silk Waists Sharply Reduced. We have perhaps four dozen silk waists in odd sizes. In order to close them out at once, they have been sharply reduced. Waists of lousine in white, French blue, pink and Nile green—front cluster tucked—collar, cuffs and front show wide bands of filed lace insertion. Formerly \$6.00, price to close \$4.50. Waists of beau de chigne, lousine and taffeta, elaborately tucked and fag-got. Formerly \$7.50; price to close \$4.00.

Neck Chains for 25c. Neck chains of pearl and black beads, one and one-half yards long. Regularly \$3.50 and \$7.50 each; now \$2.25.

A Toilet Soap Special. This soap is the Violette de Parme, delicately scented for toilet use. Each box contains three cakes and sells regularly for \$2.50. The special price is two boxes for \$2.25.

Dollar-Fifty Shirts for One Dollar. These shirts show the pleated bosom now so fashionable. Their color is French gray, with pin stripes of blue and white. Regular \$1.50; special price \$1.00.

A Wrist Bag Special. You may have choice of seal or walrus finish in black, gray, green, red and blue. The bags are well finished and mounted in nickel, oxidized silver and gilt. Value \$1.35; specially priced at \$1.00 each.

An Unusual Umbrella Offer. We recently purchased a large number of silk umbrellas at an extremely low price. Today's offering gives you the opportunity of sharing in the price-advantage of this purchase. The umbrellas are of silk on a 26-inch Paragon frame, with automatic bulb runner. The handles are of sterling silver combined with pearl and ivory. Valued at \$4.50; they are offered to you at the special price of \$2.50 each.

MELLO WILL GO TO PRESTON.

SAN LEANDRO YOUTH MUST SPEND FOUR YEARS AT REFORMATORY.

It was arraignment day before Judge Ellsworth this morning and the cases of four men charged with various offenses were up before him for disposal. George Mello, the youth from San Leandro, who was recently convicted by a jury of an attempted assault on a little girl, was up for sentence. Several witnesses were heard on behalf of the boy, who stated that Mello's reputation prior to the offense of which he was convicted, was good. This testimony was introduced to support the request of the attorney for Mello that he be sent to a reformatory rather than San Quentin.

After expressing himself in regard to the offense the judge stated that he would suspend judgment and send Mello for a term of four years to the State Reformatory at Preston. It was during that time he behaves himself, the judge said that there would be no further punishment attaching to his offense. If, on the other hand, he causes any trouble, he will be given a sentence at San Quentin no matter how long he may have been at the school.

One of the witnesses who testified in behalf of the boy was his own father, who said that he had a family of nine children. Charles T. Gaylor, the man caught in the house of Professor Wilkinson at Berkeley, came before the judge for arraignment. Gaylor entered a plea of guilty to the charge.

George Dunbar, charged with burglary, with many priors, asked that he be given a week further time in which to make up his mind in regard to his plea. This was granted him. J. B. Levin, charged with petty larceny, plead guilty to his offense and will be given his sentence next Monday as he asked that it be delayed for a few days.

PRESENT OFFICERS ARE NOMINATED.

BOSTON, Mass., Oct. 2.—In the same hall which yesterday was filled with Democrats cheering to the echo the names of its leaders, the Republican leaders of Massachusetts met today to nominate their State ticket.

The assemblage was large and the unanimous nomination of Governor John L. Bates, Lieutenant-Governor Curtis Guild Jr. and the remainder of the present State officers was assured.

ASSIGNED TO COMMAND. WASHINGTON, October 2.—Major-General Corbin, Adjutant-General of the army, is to be assigned to the command of the department of the East with headquarters at Governor's Island, New York.

HIS WITNESS MADE IT WORSE.

William Wilson, colored, was on trial this morning upon a charge of disturbing the peace preferred by Anthony Lee, also colored.

Lee alleged that on the 25th of September he went into a Chinese restaurant where Wilson and three companions were seated at a table, and that Wilson immediately jumped to his feet, called him a vile name, drew a razor or knife and started for him, and that he then turned and ran out of the place. Wilson denied the story, and said that he was a witness for the prosecution, and finally did for him just what he was trying not to do, for in the running up the judge remarked that the testimony of "Blat" Wilson was enough to satisfy him that Wilson was guilty.

For himself, Wilson denied that he had ever carried or owned a razor, and that he was not the possessor of a knife; that he had "wanted to pare or clean his nails," he had "to go to a friend and borrow one," said he called Lee a joshing name, but nothing worse, and that the remark was made in a conversational tone to his companions and not to Lee directly, and that Lee had a reputation among the colored people of always being ready "to cut people."

Notwithstanding all this he was adjudged guilty and given \$5 or two and a half days.

OPERATED ON FOR APPENDICITIS.

BERKELEY, Oct. 2.—T. D. Caminetti, who has been playing on the freshman football team that will meet the first-year eleven of Stanford on October 17, has just undergone a successful operation for appendicitis at St. Luke's Hospital in San Francisco. Caminetti was stricken while engaged in training for his position, but his splendid physical condition, bearing the illness from appendicitis, made it easy for him to rally from the shock attending the operation.

DEER HUNTING

If you want to get a deer, go to Willets—stop at the Willets Hotel. Mendocino county is the best hunting ground in the State near to San Francisco. Deer season open until September 30. WM. WEIGAND, Prop.

ONLY SIX DAYS OF WORK.

BARTENDERS' UNION HAS DRAFTED NEW SCHEDULE FOR LOCAL UNION.

Business Agent Perry Corwell of the Bartenders' Union last night presented to the Federated Trades Council for endorsement the new schedule just drawn up by his union. It provides for work only six days in the week, the employer to hire a substitute on the regular barkeeper's day off. The matter was referred to the Executive Committee which will meet next Wednesday evening to consider the matter.

The union was notified that the men had returned to work for the American Steel and Wire Company in San Francisco so the boycott is declared off and the unions were instructed to take notice of the fact. Notice was received that Root and Shoe Workers' Union, No. 322, of Napa, is on strike against the Evans Shoe Company of that place because of the alleged efforts of the firm to disrupt the union. The Federated Labor Council is also on strike against the White and Fehrlert Box Company for shorter hours and better conditions.

TRIAL OF CARMEN.

In Cooks and Waiters' headquarters next Wednesday night will be continued the trial of the Carman's Union, charged by the Laborers' Union with infidelity when the section gangs struck last summer.

PAINTERS.

Four candidates were initiated into the Painters' Union last night and seven applications filed with Secretary Pratt. J. D. Wilkie, who presented an application for membership in the union initiated last night. But one day last week he was taken suddenly ill and died the next day. The union kindly decided to refund to his widow the money he had already paid into the treasury.

It was announced at the meeting last night that the California Paint Company had agreed to work its employees union hours and pay union wages. The Council of Painters has been in long for the last two years to get the company to sign an agreement.

CARPENTERS.

The new Carpenters' Union, Local No. 1667, held a meeting in California Hall last night and voted to affiliate with the Building Trades Council.

NEWSBOYS TONIGHT.

The Newsboys' Union will meet this evening in Cooks and Waiters' headquarters to consider the proposition of securing permanent quarters which will serve as club rooms.

MILLMEN TO JOIN BUILDING TRADES.

The Building Trades Council will this evening consider the advisability of granting the request of the Millmen's Union for admission to the council, which they left some time ago.

WATERFRONT CONFERENCE TONIGHT.

Tonight will be held the conference between delegates from the stevedores, longshoremen, tallymen, Federated Trades and Building Trades Council relative to the establishment of a district council along the water front. The plan will, no doubt, be effective.

LAUNDRY WORKERS' UNION.

At the convention held at California Hall on Monday night, September 23, fourteen workers in the craft were initiated into the union. The new membership placed on file. The session was a most enthusiastic one, over 200 members being present. Brother Wheeler, State organizer, and Brother H. K. Smith, State secretary of the A. F. of L., who was also present, presided over the proceedings. The annual ball of this local at Foresters' Hall on October 31 is already assured success, the sale of tickets being unprecedented.

MATERIAL TEAMSTERS.

Five new members were initiated into the Material Teamsters' Union last night. Business Agent W. Graver was instructed to visit all building operations in East Oakland today and ascertain if everything was being done according to union rules and regulations.

PLASTERERS.

The Plasterers' Union had a long session last evening in Building Trades headquarters. Two new members were initiated into the union and an application for membership was filed with the secretary. One workman was transferred from the San Francisco to the Oakland local. It was voted to assess each of the forty-seven members of the union \$3.00 or a day's wages, the total of \$141.00 to be donated to a sick member.

EXPRESS AND DRAYMEN.

The Express and Draymen's Union will meet in special session this evening at Building Trades headquarters to adopt the new rate-book which has just been completed. There are no changes in the prices on different jobs. Only the arrangement of the book is different. The old one was so mixed and complicated that it was difficult to look up a rate. Now a driver can at once turn to any particular kind of work and show a customer just what the cost will be.

CEMENT WORKERS.

The local Cement Workers' Union has received notice from Samuel Compara that the international body had been granted a charter from the American Federation of Labor. There are seventy-five affiliated unions with a membership of over 10,000 in the national Cement Workers' Union.

LINEMEN.

The linemen will meet tomorrow night in Cooks and Waiters' headquarters to make final arrangements for the parade and entertainment and dance to be given on October 16 in Germania Hall for the benefit of the strikers. The program will begin at 8:15 o'clock and consist of six numbers by professional vaudeville artists. At 9:30 o'clock the dancing will commence and last until midnight.

GO TO LOS ANGELES.

President P. H. McCarthy and Secretary C. A. Twilmore of the State Building Trades Council went to Los Angeles today to assist the building trades unions of that city in strengthening their organizations. Tomorrow evening at Labor Council Hall, 435 Spring street, the gentlemen will be addressing a reception for the building labor unions of Los Angeles. They will address a mass meeting Sunday night of building trades unions.

country. The conference is to be held at the Hotel West, which is the headquarters of the Young Peoples' Missionary Conference. After much earnest discussion it was decided to begin correspondence at once with Robert E. Spear, Earl D. Taylor and Dr. H. C. Mable, with a view of securing one or more of these men to be the chief promoters of the conference. From a correspondence already at hand, it seems very probable that at least one of these will be here, as Mr. Spear has for several months contemplated a trip to the coast at this time, and if he cannot come, Dr. Halsey may make a trip to the West, as the president of the board was fully persuaded that the great West needs the best missionary talent to forward the plans for missions on this coast. Mr. Spear is the Secretary of the Foreign Board of the Presbyterian Church, and is a well-known leader of young people and was a speaker at Northfield and other great conventions.

Mr. Taylor is one of the strongest men at the head of the Methodist Episcopal Missionary work, is a leader in the Student Volunteer movement, and one of the chief promoters of the great Cleveland Missionary Convention. Dr. Mable is secretary of the Foreign Board of the Baptist Denomination. He is to be on the coast in November with a party of eighteen outgoing missionaries, and it is hoped that he may be retained.

The program committee contemplates the holding of a large number of missionary rallies between this time and the date of the conference, December 4, and it is expected to provide speakers who will enthrall the workers to send large delegations to the conference. The work of securing names and addresses of all Young Peoples' Organizations is well in hand.

The missionary conference, growing out of the Epworth League and Christian Endeavor Conventions, which were scheduled for November, and which have been given up to give this conference right of way has naturally brought into line all the leaders in the Young Peoples' movement. Baptist Union, Epworth Leaguers and Christian Endeavorers are vying with one another to make the conference a great success.

The program committee will meet again at 4:30 today to further the plans for the conference. The members of the committee are: Rev. Dwight E. Potter, chairman, Rev. Owen E. Hotte, Rev. M. Slaughter, Rev. Miles Fisher and Mr. Walter M. Bird.

A SOUTHERN EVENING.

A most enjoyable and novel entertainment was given last night by Dr. and Mrs. H. W. Anderson at their beautiful new home, 273 Sixth street, and which reminded one of the old days of hospitality in the South. Refreshments were served during the evening, which was spent in a most pleasant and humorous speeches, anecdotes and old-time Southern games. The musical numbers were all in keeping with the occasion. Among those present were: Dr. C. C. Goss, Dr. J. C. Goss, Mrs. J. P. Woodbridge, Mrs. E. Carter, Dr. John L. Kelett, Mrs. H. M. Lyons, A. C. Stowe, Mrs. F. Johns, Mrs. N. E. Johns, Dr. Max Muhlenbruch, Mrs. Dr. Max Muhlenbruch, Mrs. Mabel Crase, Mrs. Amelia Bescoe, W. A. Bescoe, Mrs. W. A. Bescoe, N. Morgan, J. B. Jackson, Miss J. Boswell, Miss Esther Jones, Miss G. Wilson, Miss Annie Smith, Elmer Nichols and Harry Jones.

CANADIAN STATESMAN DIES.

CHICAGO, Oct. 2.—A dispatch to the Tribune from Ottawa, Ont., says that Henry Curdell, a member of the House of Commons and a wealthy lumberman, fell unconscious as he was leaving the House yesterday after making a vigorous speech. He died at 10:45 o'clock last night in one of the rooms of the Parliament House.

REBUILD SWEDISH PALACE.

COPENHAGEN, Oct. 2.—The ministry intends to propose to the Riksdag to rebuild the great palace at Christiansborg, which was burned twenty years ago, as a gift to the aged King. A portion of the palace will be used by Parliament and the remainder will be made a royal residence.

All the powers are ready for war between Bulgaria and Turkey except Bulgaria and Turkey. This exception has delayed the hostilities.—Seattle Times.

## FRESHMEN PLAY MISERABLE GAME GOOD GAME.

DEFEAT CONQUERORS OF CARDINALS BY SCORE OF 12 TO 0. OAKLAND MAKES MANY ERRORS AND SEATTLE WINS EASILY.

Yesterday the Freshmen eleven played the Palo Alto team that two days ago defeated the Stanford "freshies" by the score of 5-0. The California team "rubbed it in" to the tune of 12-0, all the scoring being done in the first half. In the second half, the '07 men worked down to the 20-yard line once and again to the one-yard line but could not shove the ball across the goal line.

The Freshman line-up is improving steadily and in yesterday's game did really good work. Allen was out of the play and Jones, substituted in his place, played a strong game. The Freshmen could have a line like a stone wall, perhaps, if they should play Allen and Seabury on one side with Jackson and Jones on the other. These men played a strong game and might develop, with Haffey as center, a line with which Stanford would have much difficulty.

The work of the backs as a whole leaves room for great improvement. Every game sees them playing some better, but they need more snap in forming interference and getting a play started. The fight for ends seems to lie between Bowles, Carlinetti, Cullis, McInnis and Davis, although there is no telling when one or two others may forge ahead. Last week Bowles fractured a rib and yesterday Gillis was again taken off the field on account of a blow on his neck.

The scoring was done yesterday by Kern and Gabriel. Gabriel bucked over for the first touchdown, and Kern, after a 35-yard run around left end made the other. Kern kicked both goals. He also made a 35-yard run and a 10-yard run, the longest of the day.

There was less fumbling than in previous games and less outside play. The work of the back-field in running the ball was some better, one kick in particular being handled very prettily. Mention might be made also of the rough play of the Palo Alto team. They were in it for blood, and some of their "dirty work" using elbows, knees and rough tactics generally, was altogether too raw and inexcusable.

The Freshmen kicked off to the 20-yard line, but failed to catch the runner until he reached the 10-yard line. Palo Alto made her yard three times and were then forced to kick. On an off-side play the Freshmen kicked. Kern kicked and placed the ball on the 20-yard line. Palo Alto could do nothing and the '07 men got the ball on her 45-yard line and then by hammering the right side of the line they worked the ball straight down the field for a touchdown. Kern kicked goal. Score, Freshmen, 6; Palo Alto, 0.

Later in the half California took the ball away from Palo Alto. On the first down Kern dodged the punt and sprinted 65 yards to a touchdown. He also kicked the goal. Score, Freshmen, 12; Palo Alto, 0. That finished the scoring.

In the second half, Crow, Schauffele and Dyer worked the ball down once to the 20-yard line and again to the one yard line, but could not put it over.

The teams lined up as follows:

Freshmen	Position	Palo Alto
McInnis	R-E-L	Frishy
Millard	R-E-L	Swain
Seabury	R-E-L	Hush
Jackson	R-G-L	Spaulding
Haffey	C	Woods
McInnis	L-G-R	Tomasi
Clark	Sweaty	Kimball
Gillis	Klein	Schmidt
Schmidt	Davis	Westall
Hanna	Sell	Q
Tweede	San	Jordan
Bern	Davis	Woods
Kern	Crow	Tomasi

**TESTIMONIAL TO LIPTON.**  
NEW YORK, Oct. 2.—Replies from the Mayors of the various cities where subscriptions to the Sir Thomas Lipton testimonial fund have been received indicate that the amount set out to be raised, \$50,000, will be exceeded. Sums varying from 50 cents to \$50 have been received from twenty-five of the States and Territories.

**YESTERDAY'S GAMES.**

At Seattle	R.	H.	E.
Seattle	8	14	12
Oakland	1	6	12

Batteries—Hughes and Byers; Mockman and Gorton.

At San Francisco—			
Los Angeles	R.	H.	E.
San Francisco	11	14	1
Batteries—Corbett and Spies; Cutter and Zearfoss.	9	7	4
At Portland—			
Sacramento	R.	H.	E.
Portland	14	14	3
Batteries—Kneil and Hogan; Shields, Jess and Clark.	12	9	9

The game at Seattle yesterday was a poor exhibition of the National game, especially on the part of the team wearing Oakland uniforms. They made a total of seven errors and did not half try to play. There was one exception and that was Doc Moskman, who served the shoots and slants for the occasion. He played the game as if he had been playing at all times, but could not win with the miserable support. The Seattle bunch were in the game with both feet all the time, and did no trouble in winning 8 to 2. Hughes pitched for the northern team and as usual pitched good ball.

The game at Seattle yesterday was a poor exhibition of the National game, especially on the part of the team wearing Oakland uniforms. They made a total of seven errors and did not half try to play. There was one exception and that was Doc Mockman, who served the shots and slants for the occasion. He played the game as it should be played at all stages, but could not win with the miserable support. The Seattle bunch were in the game with both feet all the time, and had no trouble in winning 8 to 2. Hughes pitched for the northern team and as usual pitched good ball.

The Los Angeles baseball team enjoyed a little picnic at Recreation Park in San Francisco yesterday afternoon at the expense of Harris' hired men, and Brother Joe Corbett was the master of ceremonies. Corbett was in great spirits yesterday and for the game on the same score. The first that they substituted on last Tuesday, Winnie Cutter did the twirling for Harris' hired men, so glad to ship back in the game again that they gave him a very warm reception and it netted them fourteen hits. The final score was 11 to 9.

The Senators became tired of losing to Portland yesterday, so they won the game for a change. The Browns were greatly assisted in accomplishing this feat by making nine errors, some of them being very flagrant ones, but it all helped in a good cause. Both team batted hard but Knell managed to keep his hits scarce. The Senators put fourteen across the home plate.

Last year the Oakland team was so far and away better than the other teams in the league that they had no difficulty in winning any game they wanted to. They finished the season in a canter. This year the same thing is true of the Los Angeles team. They are now so far ahead that they will have to lose five or two-thirds of the remaining games in order to lose the flag and while such a thing is possible, it is not probable.

Charley Irwin, the popular captain of the San Francisco team, was knocked out yesterday's game, but being hit on the temple by a pitched ball from Joe Corbett. Corbett has a wonderful speed and the ball hit Irwin squarely on the temple. The latter dropped as if he had been shot and it was several minutes before he came to. Doctors were on the scene and rendered all the assistance in their power. The injured man was carried to the dressing room and is still in a dazed condition.

Dillon is trying out a bunch of amateurs with the hopes of securing some available material for next year's team. Among those who are being tried are Pitcher Baum, Catcher Jacobs, Infielder Marshall, Bom Eager and "Flash" Nealon.

**OUT FOR SEVEN MONTHS.**  
CHICAGO, Oct. 2.—After a lockout of seven months the 600 employees of the plant of the American Corn Products Company, known as the Chicago glucose factory, will go back to work under union conditions, with union pay, and hours.

The trouble arose early in February, when the Brotherhood of Carpenters and Joiners organized the millwrights employed by the company and demanded 50 cents an hour.

The company then locked out its men and closed its plants, being the first firm in Chicago to take this course. The long fight which has followed, both sides have become wearied, and the team power council had no trouble in securing a settlement.

FITZ AND HIS GOOD RIGHT.

## MILLETT MATCHED JACK JOHNSON IN WITH WOODS. LOS ANGELES.

RELICANCE CLUB SECURES HEAVY WEIGHTS FOR MAIN EVENT. HE IS PREPARING FOR FIGHT WITH M'VEY THIS MONTH.

Matchmaker George Mahony of the Reliance Club has signed Joe Millett and Billy Woods for the principals in the main event of the show to be given by the club on October 27th. The negotiations were concluded late yesterday afternoon and according to the articles of agreement the men will weigh in at 165 pounds on the day of the fight.

A \$250 weight forfeit and \$250 guarantee for appearance will be posted by both men in a few days and they will begin training for the contest at once. Both are light heavyweights and should put up a rattling good contest. The preliminaries have not been concluded yet but Matchmaker Mahony expects to have them signed up by the first part of next week.

Joe Millett was well known across the bay as an amateur before he went to Hawaii. Since then he has turned professional and has won the title of heavyweight champion at Hawaii. His friends claim that he has improved greatly over his amateur form and can go with the best of them in the light heavyweight class. This will be his first appearance as a professional in California.

Billy Woods is a clever colored fighter from Los Angeles. He has not fought for some time but is a hard and gutsy boxer that can take the best of them. His last contest was with Harry Foley and was won by the latter on a foul which was accidental. Woods made a show of Foley while the contest lasted.

## TEXAS STEER ONLY ONE NIGHT.

QUARTET IN HOYT'S "A TEXAS STEER."

Hoyt's "A Texas Steer" will be played at the Macdonough Theater Sunday night only. The piece tells the story of a wealthy Texan who has been elected to Congress and his experience in Washington. A charming love affair runs through it all, the girl being the newly elected Congressman's daughter, and the man an army officer. Many characters are introduced well known in Washington official and social life. The ways and means of the politician are well drawn and the development of the rough Texas household in the social swim of Washington is particularly pleasing and ingenious. The cast will probably be the same clever one that presented the piece in its opening season. James A. Devlin will be "Boss" McGraw, the Congressman, and the original and only Miss G. Barlow the "Minister from Dahomey." Miss May Britton, pretty, clever and petite, will be "Boss" McGraw's wife, and William Marble Jr., "Brassy Galt." The original and unimpaired "Texas Steer" Quartet will be a feature of the performance. The play is one of the best that ever came from the talented pen of Hoyt, and will undoubtedly be welcomed here by large audiences.

Big Jack Johnson, the colored heavyweight fighter, has taken the dust of the bay counties from his heels and has hied himself to Los Angeles, where he has commenced training for his contest with Sam McVey, a 2 of Oxnard, on October 16. He left last Monday and with his going went Jud Gibbs' last hope of having a heavy-weight contest for the opening attraction of the Colma Athletic Club in San Mateo county.

Johnson has been doing light training for some time past in anticipation of an early match, so it will not take him long to get into condition for a hard fight. McVey is also in very fair condition at the present time, and has only recently emerged from his contest with Denver Ed Martin. Two weeks' work will put him on edge again.

The two are to meet before the Century Athletic Club of Los Angeles for a guaranteed purse of \$4000 and the privilege of a percentage of the gross receipts. If he has been agreed between them that the winner shall take 75 per cent of the purse and have the privilege of challenging any other fighter in the world.

There are many who think that Jeffries will eventually throw the color line to the winds and make the foremost colored fighter. They think that he will be forced into a meeting with the winner of the Johnson-McVey match is the only logical opponent for the big champion. There is no white man today that is any where near Jeffries' class and if he wants an opponent worthy of the name he will have to go into the colored class to get it.

Jeffries' friends maintain that he will never fight a negro, but there are others that think differently. At any rate Johnson and McVey are going to decide which is the better man and that individual will go after the champion hard and fast. The hopes of driving him into a match because of the fact that the winner may be Jeffries' next opponent, there is considerable interest manifested in the bout of this month.

## AIDED HER BROTHER TO ESCAPE PRISON.

HAZELTON, Pa., Oct. 2.—Carl Treischman, an alleged deserter from the cruiser Topeka, has been confined in a cell at the City Hall, awaiting transfer to the League Island Navy Yard, Philadelphia. The police alleged Treischman's father, mother and sister to converse with him and gave the prisoner and his visitors the liberty of the corridor, the door of which was locked, with the key on the outside.

Taking advantage of an opportunity, Miss Treischman is alleged to have forced her slim hand through the grating of the door and turned the key. The prisoner dashed out, escaping by a side door and has thus far eluded recapture.

Miss Treischman and her father have been locked up in the charge of aiding a government prisoner to escape, and the girl is in the cell formerly occupied by her brother.

## KING ALFONSO'S COUSIN SENTENCED

MADRID, Oct. 2.—General Francisco Bourbon de Castellvi, cousin of King Alfonso and former military commander of the Aragon division of the Spanish army (who was arrested last December at a gambling club and who challenged the prefect of Madrid, who was responsible for energetic attempts to suppress gambling), after various he rings, has been sentenced by the Supreme Military Court to two months' detention in a fortress.

## OLD TIMERS WILL PLAY.

FORMER STARS WILL PLAY NATIONAL GAME NEXT SUNDAY.

The employees of the James A. Joyce mills are billed to cross bats with the Crescent baseball team on Sunday, October 4, at 10 o'clock, at the grounds on the corner of Sinterth and Ferrelia streets. The stakes are a French dinner and a side bet of \$50.

The Joyce team is composed of some old-time professional ball players and they promise to make it warm for the Crescents. Among them are "Pat" Barrett, formerly with the Athletics; Nolly Bronner, late of Seattle; Tom Donnelly, formerly with the University of New York nine; and Bob King, who was a star at Santa Clara College.

Following is the way the two teams will line up:

JOYCES.	POSITIONS.	CRESCENTS.
Bronner	pitcher	Reiter
Volgardsen	catcher	Holwig
Barrett	first base	Thellie
Klein	second base	Strling
J. Joyce	shortstop	McCarthy
Silveria	third base	Denny
King	left field	Seven
Donnelly	center field	Francis
T. Joyce	right field	Anderson

**CRACK TEAMS TO  
PLAY.**

JOAQUINS AND BROOKLYNS WILL  
CROSS BATS SUNDAY  
AFTERNOON.

The Joaquins and the Brooklyn are billed to go a nine-inning engagement next Sunday at Freeman's Park at 12:30 p. m. directly after the morning game. The two teams are among the best in the county and a battle royal is expected.

"Lefty" O'Banion in the box to mystify the heavy hitting hitters of the Joaquins.

"Lefty" O'Banion has so deceived the eyes of opposing batters this season by his mysterious curves that many of them are compelled to bite the dust after three ineffectual swats at the ball. But "Lefty" will have to go some to outpitch the steady George Felge. This clever pitcher of the Joaquins has averaged eleven strikeouts out of the game and has been up against the heaviest hitters among the amateurs.

The Joaquins will have their stone wall infield at work and it will be hard work to get a free pass through such men as Frank Wynns, "Cliff" Ireland, Beach Deane and Jack Luten. The outfield will consist of Harry Platt, "Rus" Parker and Richy Fiege, and "Demon" Klein as utility men. Harry Platt is about the fastest left fielder in any of the amateur teams and a batter knocking any flies out to his territory might as well give up the night.

The entire Joaquin outfield are so sure in fielding that they dish each other out of chances. Last Sunday at Hayward's the last man of the H. Woods' team to bat in the ninth inning lifted a high fly to left-center field, and just as Platt was going to catch it, Parker ran in front of him and caught it, thereby entitling him to keep possession of the ball.

George Blethen has been secured to umpire the game and nobody will have a kick coming. The following are the batting averages to date of the Joaquins: Lutzen, .525; Platt, .500; Ireland, .500; Deane, .500; Wynns, .400; Parker, .400; Felge, .400; Klein, .200. A few of the players fell down considerably in their batting last week but expect to do better this week.

Carl Treischman, an alleged deserter from the cruiser Topeka, has been confined in a cell at the City Hall, awaiting transfer to the League Island Navy Yard, Philadelphia. The police alleged Treischman's father, mother and sister to converse with him and gave the prisoner and his visitors the liberty of the corridor, the door of which was locked, with the key on the outside.

Taking advantage of an opportunity, Miss Treischman is alleged to have forced her slim hand through the grating of the door and turned the key. The prisoner dashed out, escaping by a side door and has thus far eluded recapture.

Miss Treischman and her father have been locked up in the charge of aiding a government prisoner to escape, and the girl is in the cell formerly occupied by her brother.

HAZELTON, Pa., Oct. 2.—Carl Treischman, an alleged deserter from the cruiser Topeka, has been confined in a cell at the City Hall, awaiting transfer to the League Island Navy Yard, Philadelphia. The police alleged Treischman's father, mother and sister to converse with him and gave the prisoner and his visitors the liberty of the corridor, the door of which was locked, with the key on the outside.

## KING ALFONSO'S COUSIN SENTENCED

MADRID, Oct. 2.—General Francisco Bourbon de Castellvi, cousin of King Alfonso and former military commander of the Aragon division of the Spanish army (who was arrested last December at a gambling club and who challenged the prefect of Madrid, who was responsible for energetic attempts to suppress gambling), after various he rings, has been sentenced by the Supreme Military Court to two months' detention in a fortress.

BUDD DOBLE, THE POPULAR HORSEMAN.

"Twas on the famous trotting ground. The betting men were gathered round. From far and near the crowds were there. Whose deeds the sporting prints declare. The swift g. m. Old Hiram's Nag. The fleet s. h. Dan Pfeiffer's Drag. With these a third—and who is he? That stands beside the fast h. g? Budd Doble whose charmed name. So filled the race, 'rump of fame. From 'How the Old Horse Won the bet,' written by Oliver Wendell Holmes in 1876.

**VICTOR EMMANUEL IN PARIS.**  
NEW YORK, Oct. 2.—King Victor Emmanuel's journey to Paris has no special political significance, says a Rome despatch to the Tribune, except that it materially demonstrates the re-establishment of good relations between France and Italy. It will have no European international consequences. It is said, for Italy has no intention to abandon the Triple Alliance, which has just been renewed, and which has had a beneficial effect on the maintenance of peace for more than twenty years.

It is also believed that no Mediterranean question exists, because of Italy's understanding with England, and the Franco-Italian committee by which Italy has given any claim to Morocco and has had her right over Tripoli recognized.

# Rheumatism

"THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is rightly called "The King of Pain."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Acute, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

## THE STATE'S NEGLECT.

There is a radical defect in the method of paying rewards offered by the State of California for the arrest of fugitive criminals. The reluctance of Governor Sparks of Nevada to surrender the escaped convicts reapprehended at Reno until the offered rewards were paid was due to the State's unenviable record in dealing with such obligations. Our dilatory way of doing things is illustrated by a recent inquiry addressed to Governor Pardee by Sheriff Naylor of Logan county, Utah. Naylor has a claim for arresting Charles Wardrip, who murdered Hugh Duffey in Sacramento early in 1892. The State offered a reward for the arrest and conviction of Wardrip. After being arrested by Naylor, he was convicted and sentenced to be hanged, but took an appeal. Until the appeal is determined Naylor cannot collect the reward.

This is manifestly wrong. It operates to retard the course of justice. It renders officers in other States indifferent about arresting criminals from California. In all the adjoining States and Territories there are scores of grievances like Naylor's. The State does not repudiate its obligations, but it hedges about fulfillment with so many technicalities and delays that men holding reward claims are annoyed and harassed beyond measure. In many cases making the reward payable for arrest and conviction is all right, but in a great majority of cases including the words "and conviction" to the condition of capture is superfluous and operates as an injustice to the arresting officer. In the Wardrip case all the conditions have been met, but the taking of an appeal by the prisoner operates as a bar to paying the reward. It should not be so.

A. B. Nye, Private Secretary to Governor Pardee, has been visiting the Utah penitentiary, and finds some grounds for comparison that is not to the credit of California. For instance, in California one in every 700 inhabitants is an inmate of the penitentiary. In Utah, there is only one felon in each 1,840 inhabitants. We have five felons to every two Utah furnishes. Mr. Nye also finds something to admire in the methods in vogue at the Mormon prison. Each prisoner has a cell to himself, and thereby some of the worst abuses of the California prisons are avoided. Because of insufficient cell room at Folsom and San Quentin two, three and four convicts occupy the same cell. This intensifies the evils of the congested system, and the consequences are of a character that can only be hinted at. They have a graded system of treatment at the Utah prison that Mr. Nye commends. It affords a convict an opportunity to better his condition in the prison and a chance to wear a garb indicative of good conduct and good standing in the eyes of the officers and visitors. This has a beneficial effect on deportment and discipline. Evidently there are some things in Utah that California can emulate with profit.

## A TURKEY RED DREAM.

Mrs. Helen Kelley has evolved a simple and easy solution of the problem the Turk in Europe presents. She does not propose to exterminate him or to drive him back to Asia. Her idea is to let him stay in Europe and make a Christian of him. She probably never tried to make a silk purse out of a sow's ear. Her theory is as practical as John Temple Graves' solution of the race problem at the South. Send the negroes back to Africa, says Mr. Graves with the air of a man who has discovered the philosopher's stone. Convert the Turks, exclaims Mrs. Kelley in a burst of enthusiasm. Don't use rifles and cannon to persuade them, but assault them with the Bible. The plan of settling the Eastern Question by knocking the Turks down with the Ten Commandments and reading them a few passages from the Book of Job is charmingly simple. It is truly feminine. But we fancy Mrs. Kelley is not particularly well acquainted with the Turks. They are seldom ever Christianized, and when a Turk is Christianized he is spoiled for any vocation other than the chain gang. In his case the Christian religion makes bad worse. The Turk thinks he will be a polygamist in heaven, and that is the chief reason why he wants to go to heaven. His idea of celestial life is a bunch of hours and an unlimited supply of cigarettes, and nothing else doing. The Christian idea of heaven has about as much attraction for him as holy water has for the devil. The plan of converting the Turk is beautiful, touchingly beautiful, but there is only one way of putting it in effect. Kill the Turks first and Christianize them afterwards.

The Sacramento municipal campaign promises to be rather tame without Mayor Clark taking a hand. He got out of the game when he was asked to play without trumps.

There are always others, especially love and politics. Apparently that is what Mrs. Kelley is.

## A POLYGLOT TANGLE.

The language dispute in Hungary has reached a stage so acute as to cause the resignation of the Premier. It reveals race prejudices and antipathies which keep Austria-Hungary in a perpetual ferment and is a constant menace to the stability of the Empire. The row is only a phase of the racial discord that has so long existed. It turns upon whether the Hungarian contingent in the imperial army shall receive their orders in Magyar or German. The Hungarian parliament seems determined to insist upon the point, which if conceded would disorganize the military establishment and greatly lessen its efficiency.

Austria is often called the polyglot Empire because within its borders are people of many races and tongues. Eighteen different languages and dialects are spoken. The dominant race and speech in Hungary is Magyar, but the Magyars are actually in a minority in their own country. Only two or three of the Hungarian regiments are composed exclusively of Magyars. The Hungarian contingent is composed of a dozen races—Croats, Ruthenians, Slovaks, Bosnians, Turks, Poles, Serbs, Greeks and the like—and if every Austrian soldier got his orders in his native speech there would be such a babel of tongues at a field parade as would suggest a Congress of Nations.

All military orders are given in German every soldier, no matter of what nationality, must learn their meaning. He learns the manual of arms in German and thus becomes at one with the soldier who is a Teuton born. But the Magyars do not like to be given orders in the German speech. They are a vain, proud, jealous people with an overweening pride in their nationality. As Hungary is an equal partner in the dual Empire, the Magyars insist on their language being given equal prominence officially with German. As for the Croats, Ruthenians, Poles, Serbs, Bosnians, Turks and Greeks in the Kingdom the Magyars do not regard them as entitled to any consideration, although they constitute collectively a larger element of the population than the Magyars. It does not occur to these splenetic patriots that it would be as unjust to make other races take their orders in Magyar as it is for Magyars to be compelled to receive orders in German. In asserting their own race pride the Magyars ruthlessly trample on the race pride of half a dozen nationalities. It is an exhibition of stiff-necked arrogance on the part of a minority. But it is causing Austrian statesmen no end of trouble.

The summary manner in which Abe Ruef discharged the Republican League of his company is one of the boldest and inspiring things witnessed in politics in many a day. Mr. Ruef says the refusal to grant him a furlough till the close of the campaign is an exhibition of the tactlessness that has characterized everything done of late. Nevertheless Mr. Ruef says he is still a Republican. Of course, of course, he is only out to defeat the Republican ticket. This broad distinction ought to settle any question of Mr. Ruef's fealty to the Republican party. He is not opposed to its principles. He is only opposed to its candidates.

## OPIUM IN THE PRISONS.

Warden Tompkins of San Quentin is being sharply fared by the most trying problem the prison authorities of California are compelled to deal with—the opium habit. Every change of Wardens is signalized by a revival of the business of smuggling the drug into the prison. Both convicts and their abettors in the outside trust to the inexperience of new men to escape detection, and boldly resort to every known device to get opium inside the walls. They usually succeed in running the blockade with more or less success till the new men catch on. But even the most watchful and experienced officials find it difficult to stop the contraband traffic.

Because of its proximity to San Francisco, San Quentin has always been a hard place to keep opium out of. All the "fends" ask to be sent there. A public road runs through the prison grounds, not far from the wall, and the constant stream of visitors renders it comparatively easy for small quantities of opium to be conveyed inside.

Occasionally it happens that the convicts hit upon some ingenious scheme for smuggling in the drug that defies detection for a time. When this occurs the prison will become stocked up with opium for months to come. Sometimes a corrupt official or guard will smuggle in the stuff. During the Hale administration, opium continued to come into the prison in great quantities in a way that was a mystery till it was found that some guards were engaged in the traffic. Several guards have been dismissed from Folsom for this offense. Once the prison apothecary was de-

tested red-handed in the act of smuggling opium. He also smuggled letters and money in and out of the prison. So a Warden has to look as carefully after his subordinates as he does after the convicts.

Warden Aguirre was very successful in stamping out opium smuggling. When he took charge of San Quentin, the contraband traffic was running riot. The prison force had become disorganized, and was torn by personal feuds and official jealousies. Warden Hale was in all health. No sooner did Aguirre get settled in his office than he set himself to work to break up the opium traffic. He worked day and night for many weeks, and finally blocked the lines of subterranean communication. He also searched out and destroyed all the opium in the prison. The effect of this energetic crusade on the health and conduct of the prisoners was wonderful. The discipline was notably improved, and the convicts became docile and industrious. The presence of opium in the prison causes prisoners to become refractory and insolent. They refuse to eat or work. They fight among themselves, and become malicious in their behavior. Deprive them of opium and these evil symptoms disappear in the main.

As soon as Aguirre was superseded, the opium smugglers resumed their activity, and it will require the exercise of extreme vigilance on the part of the new Warden to baffle their schemes.

## THE INDUSTRIAL OUTLOOK.

The statement that \$180,000,000 of building contracts for next year had been canceled because of the stand organized labor has taken with regard to Samuel Parks, the New York walking delegate convicted of blackmailing a contractor, is probably an exaggeration. Probably some contracts were canceled for this cause, but it is likely that a majority of the contracts were nullified because of conditions which are not regarded as favorable at present. As labor and materials are abnormally high, many capitalists think it a good time to hold off from building for a while. It is not unlikely that a number of large contracts were canceled because of the difficulty experienced in financial deals. Investors have grown timid about investing because of the unsettled condition produced by frequent strikes and renewed demands for increased wages and shorter hours.

In New York work on twenty-eight new school buildings was suspended for weeks because of disputes between the contractors and the building trades. The failure to complete the buildings deprives thousands of school children of educational facilities. They cannot get seats in the already overcrowded schools. A similar state of affairs prevails in Chicago. There several school buildings under construction are under boycott because the sheet metal work was let to a man against whom the unions had a grievance. Other large contracts have been canceled in Chicago because of forbidding conditions. It is significant that many of the great railway systems are going to reduce construction work greatly next year. Doubtless financial conditions have as much to do with this policy as the labor question. Most of the roads have been doing a great deal of new work entailing heavy expenditure. The cost of operation has increased without a corresponding advance in freight rates. They want to make some money for dividends, and they find it convenient to say labor troubles have caused them to curtail operations. Financial difficulties are also charged up to the same cause.

The phase of the matter that excites concern is the repeated warning given out from so many authoritative sources that industrial activity will be considerably diminished next year. There is a falling off in the demand for pig iron and prices are dropping. Slackening orders caused by the cancellation of building contracts have brought the price of steel trust stock tumbling. The lead and prominence of men like Parks in labor organizations do not mend matters. Men hesitating whether to build or not are turned to the negative side by the Parks action. Idle men are becoming numerous and work is not so easy to obtain as it was a few months ago, when jobs were hunting somebody to take them. Meanwhile every steamer from Europe brings a village full of immigrants. It looks as if there was going to be a glut in the labor market.

## QUITE UP TO DATE.

Day—I find there is a \$2500 mortgage on the property you sold me. You never said anything about it.

Gay—Certainly did. Didn't I distinctly tell you it had all modern improvements?

Mr. Carnegie has executed some great consolidations, but he is hardly expected to unify the English-speaking races for a week or so.—Dallas, Tex., News.

## MERIT MAKES IT FAMOUS

The Only Remedy in the World Except a Surgical Operation, That Will Certainly Cure Any Form of Piles.

The study of physicians, the experiments of chemists, the loudly advertised pretensions of quacks, have been for years expended in one direction: to find a pile cure that would cure. The results have been a number of harmless and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; nearly all of them gave some relief, but not long approaching a radical cure resulted from these preparations.

The remedy required is one which will immediately stop the pain, so severe in many cases of piles, and then by contracting the small blood-vessels (arteries) to the normal size, produces a radical cure by reducing and finally absorbing the tumors and healing the inflamed, raw mucous surfaces.

Until a few years ago, no such remedy had been produced but at that time a suppository was made up on the market, which has since proved itself to be the long-sought permanent cure for this common and distressing trouble; it has rapidly become famous throughout the United States and is called the Pyramid Pile Cure.

It is now the best known, because its merit and safety have been advertised by word of mouth, from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous surgical operations without avail have finally found that piles can be cured without pain and without the use of medicine. The Pyramid Pile Cure is sold for a nominal price of 50 cents and \$1.00 per package.

KAHN'S THE ALWAYS BUSY CORNER

# The Great Friday Sale

will be continued

## TOMORROW

IN order to give everybody an opportunity to get the splendid bargains we offered today, the GREAT SECOND AUXILIARY SALE will be continued. Although the selling was very brisk, and the assortments on some lines considerably cut down, we will fill the vacancies with new goods. It will be well to come early tomorrow morning to avoid the crowds that are sure to be with us during the middle of the day.

### Kahn Bros.

THE ALWAYS BUSY STORE

Twelfth Street, Towards Washington,  
Oakland.

### Hints for the Ladies.

There is a new kind of velvet known as chiffon velvet. It is mostly used by milliners on account of its lightness and soft finish.

A rough make of beaver is being sold for knockabout hats, in the form of toques and small shapes to take the place of the plateau we have had so long.

Moleskin will be considerably worn during the winter and ornaments of silk cord will adorn many of the new fur coats. Probably fur trimmings, such as collars, cuffs, etc., would be used on cloth costumes.

The favorite toque for winter will be that of the Tjador shape. In some cases a kind of crushed beef-eater. This will take the place of the forehead and the turban. It fits closely to the head and is generally made of velvet.

A cut lemon rubbed through the interstices of Benares brass will make it as bright as new. Rinse and dry carefully. Stains on white marble can often be removed by the timely application of lemon juice.

Mildew is one of the most difficult of all stains to remove. Rub with brown soap, then apply a paste of chalk and water and put the stained article in the hot sunshine. After two or three applications the mildew may be bleached out.

Very pretty is a purse of brown leather. This has a small vine design in a leaf pattern around the edge, a single round pearl set like a berry here and there on the vine. On the leaves are set several ladybugs of natural size and color.

For a room in which a brass bed is used, a handsome dressing mirror is full length, two tall and heavy posts of brass supporting it on either side, the mirror oval in form, and with a frame of brass and wood, a line of each surrounding it.

A combined chair and screen is formed of two chairs with rush seats and backs joined by hinges. These can be turned back at different angles, or put together they form a small high settle and there are narrow screens on either side to form the ends.

Long straps that are used to fasten cushions to the chairs in the mission furniture can be bought separately. They come in the leather color, red, brown, different colors, and cost 50 cents each. They are made like an ordinary leather belt, only longer.

An excellent dentifrice can be made by putting into a quart of hot water one teaspoonful each of spirits of camphor and tincture of myrrh and two ounces of borax. Add the borax first. When the water is nearly cold the other ingredients. Use a wineglassful night and morning in a mug of lukewarm water to brush the teeth.

Paid volle is being used in Paris for afternoon autumn costumes. A much smaller pattern than usual is stamped on the material, and not always in the orthodox reds, blues, browns and greens, a mixture of pale violet, pinks, mauves and biscuit often being employed instead. A smart Parisienne has just had a dress made for her autumn visits in these pale shades; the long skirt has wide plaits stitched down from waist to knee, where they are left to flow out, the hem having

### From 15.00 up THE DAVIS

## There Is Comfort

In our comforters, of the most satisfactory sort. The filling is of pure, white cotton. A full size comforter, good value, \$1.25.

## WE FEEL LIKE SAYING "WE TOLD YOU SO."

For over a month we've been counseling you to prepare for the change of season that was surely coming. Well, it's here in earnest, and everybody is scurrying around looking for warmer wraps. Not until you take a look at our many satisfactory lines can you have a correct idea of how much we can help you. Just to encourage a visit we'll make a few suggestions.

### Winter's New Coats

Style, warmth and comfort are the three leading virtues of each coat in the Cloak and Suit Section. Prices are a little lower than usual to offset that ever-present lack of room.

At **\$6.95**—Double-breasted Box Coat of heavy kersey, lined; 27 inches long; full, pouch sleeves; cuffs turned and trimmed with stitched satin.

At **\$7.50**—Stylish, double-breasted Coat of medium weight beaver; collarless, fitted cape, front and cuffs trimmed with satin bands.

At **\$9.95**—Swell, black Zibeline coat, 27 inches long; flat stitched velvet collar, trimmed with narrow, fancy silk braid; large sleeves; pocket.

At **\$13.95**—Louis XIV model in light-weight beaver; collarless, long stoles with silk pendants and trimmed with silk braid; braided belt of silk and cord with tassels. This coat shows all the little details that emphasize style and quality.

## ROUTINE WORK OF COMMITTEES.

A NUMBER OF MATTERS OF IMPORTANCE BEFORE THE CO. INCIL.

The following matters were considered in the routine work of the various committees.

### FINANCE COMMITTEE.

Recommending increase of six police officers, instead of the twelve asked for. Transferring various sums from funds of the fiscal year 1902-3, to the Park and Boulevard, Printing and Advertising Funds of the same year as warrants are outstanding against them. Recommended.

Asking that the lateral width of sidewalks on Hillside Avenue between Summit and Linda Avenues be changed from twelve to fourteen feet. Recommended.

Protecting against the granting of the petition of H. C. Hulemb Company of any other person, to sewer into Spring Street. The protest states: "Their so-called storm sewer in their petition is a blind is usual. The lives and health and happiness of numerous families are in danger if they are allowed to do in the future as they have in the past by polluting Cemetery Creek." Laid over.

Recommending that the Superintendent of Streets be authorized to notify the property owners on north side of East Twenty-first street, between Twenty-third and Twenty-fifth Avenues to construct cement sidewalks within twenty days.

Authorizing Board of Public Works to construct a concrete culvert on Forty-ninth street and La Avenue at a cost not to exceed \$400. Recommended.

Directing Superintendent of Streets to report the cost of giving two coats of oil to Eighteenth street from Adelina to Kirkham street, and rolling the same with the City's steam roller. Recommended.

Petitioning for permission to improve Oakland Avenue by grading, curbing, guttering, macadamizing the same. Recommended.

### STREET COMMITTEE.

The Street Committee made the following recommendations:

The petition of V. J. Gardener for change of grade on Seventh Avenue between East Nineteenth and 150 feet northward.

A sewer in Kennedy street. Resolution authorizing the Mayor to sign on behalf of the city the maps showing proposed lines of Second Avenue between East Sixteenth and East Eighteenth street.

That protest of J. J. Keller against sewer into Cemetery Creek lay over. That petition of Heron, Holcomb & Company for a sewer in Spring Street lay over.

The petition of property owners to change official width of sidewalks on Hillside and Summit Avenues from twelve to fourteen feet.

A change in width of the sidewalk along Twenty-first Avenue from East Seventeenth to East Twenty-first street from fourteen to eighteen feet. That the protest against the dilapidated condition of the street crossings in the northern district of Oakland be notified to appear at the next meeting of the Street Committee.

That the matter of recommending monuments to the City Engineer, withdrawing may filed establish grades.

Adoption of resolution of Board of Public Works determining the extension of Harrison from Twentieth to Twenty-fourth street to be a public benefit.

That a new resolution of intention be introduced for severing Fourteenth street from Filbert's street to a point 110 feet west.

For the severing of Fourteenth street from Linden to Chestnut street.

**MUNICIPAL LICENSE COMMITTEE.**

The following saloon licenses were recommended: Nel Gallagher, 505 Twenty-fifth street; J. E. Funn, 470 Seventh street; J. J. Clanchain, 333 Washington street; P. Klich, 1158 Broadway; Charles Schaff, 419 Fourteenth street; James Sullivan, 838 San Pablo Avenue; Frank Padra, Eighth and Washington streets; J. J. Ordono, 1250 Seventh street; Herman Voigt, 4401 Piedmont Avenue; J. P. Schaub, 1022 Broadway; Luigi Marini, 690 Market street.

**ORDINANCE AND JUDICIARY.**

The committee recommended the passage to print of an ordinance changing grades of Englewood Avenue, between East Twelfth street and East Twenty-second street.

Passage to print of an ordinance changing grades on Eighteenth street, between Campbell and Wood streets.

The repeal of section 49 of ordinance No. 1009, relating to express companies.

Reference to the City Attorney of an ordinance concerning the lighting of hackney carriages.

Passage of ordinance establishing curb grades with amendment.

Passage of ordinance granting East Side Railroad Company permission to construct and operate a broad gauge railroad on certain streets.

### STREET LIGHT.

The committee referred to the City Electrician the resolution providing for an electric light at the southeast corner of Twelfth and Union streets.

### PUBLIC IMPROVEMENTS.

The communication from the Chief of the Fire Department in regard to a fire hydrant on Sherman Avenue was ordered filed.

The committee decided to ask the Board of Education if it would have any objection to the use of their rooms by Judge Samuels as a court room.

**PANAMA SENATE STILL HOSTILE.**

NEW YORK, Oct. 2.—The Senate continues its hostile attitude toward President Marroqui, says a Herald despatch from Bogota by way of Panama. Its latest hostile move was the alleged election of five magistrates of the Court of Control.

The House of Representatives refused to follow suit, as the present magistrates have still three years to serve.

Senator Perez photo has published another violent article in the Dominio Obaldia, Governor of Panama.

## This Weather Is Different

FROM THAT OF THE PAST FOUR MONTHS. IT CAME, TOO, WITHOUT MUCH WARNING. THE MEN OF OAKLAND WERE DRIVEN TO THINKING OF HEAVIER UNDERWEAR AND WARMER NIGHT ROBES. FOR A WHILE IT LOOKED AS THOUGH UMBRELLAS AND CRAVENETTE RAIN COATS WOULD BE WANTED, BUT WE ARE READY FOR ALL EMERGENCIES.

### Flannelette Night Shirts Special 50c

Extra heavy flannelette; warm, comfortable collar; plenty of fullness everywhere; ordinary 75c quality.

### New Fall Shirts

—and we desire to emphasize the word "new." There are not less than five thousand new shades and patterns to choose from. That should be enough. \$1.00 and \$1.50.

### Men's Gloves

This department has just received its Fall and Winter lines, which include dress, walking and driving gloves of the most satisfactory make for protection and ease. Complete lines of the very durable Hansen's gloves and gauntlets.

### Underwear Special 50c

For special selling Saturday we have taken a big line of heavy, fancy ribbed underwear, with silk-finished neck and marked it 50 cents a garment. Such quality is usually sold for 75 cents.

### Ribbed Underwear For Fall Wear

No matter what you desire in the matter of underwear it can be supplied here. Fancy worsted, ribbed underwear, all weights, \$2.00 to \$5.00 suit.

Black and wool mixed ribbed underwear, \$2.50 suit.

Fine mercerized underwear, extra fine, \$3.00 and \$4.00 suit.

PLAIN UNDERWEAR, grays and fawn color; \$1.00 to \$5.00 suit.

## Some Fall Hat News

FROM THE LARGEST HAT STORE ON THIS SIDE OF THE BAY.

### MEN'S HATS

The "Keller" Special

\$2.50

New shades, new shapes, soft or stiff. A regular \$3.00 make. Agents for Stetson's and Hanes's Hats; complete fall lines.

### Ladies' Tailored Hats

Genuine imported London and New York tailored hats. Products of England, Gage, Mackay, exclusive styles at popular prices.

### Great Specials for Children

Finest leather auto caps, cloth and leather caps with silk emblems; also Tam o' Shanter; regular 75c make. Special 50c.

## PREACHER LEADS CRUSADE.

### VIGOROUS PROTEST AGAINST THE GRANTING OF A SALOON LICENSE.

A protest was filed with the municipal License Committee against granting a saloon license to C. H. Kucks at 468 Twelfth street.

Rev. C. R. Brown appeared as a protestor, not only in the name of those who have signed the protest, but on behalf of the religious element of the city. He says he is not a prohibitionist, did not oppose saloons because they were saloons, but believes the license ought not be granted because it has not been properly conducted; the place has the reputation of being a nuisance. Many saloons are properly conducted, but this one is not, and the first ground of protest is that it is a nuisance. The second ground is that all of the business men are opposed to it as injuring their business. The third ground is that it is not properly conducted. Last Thursday night he stood outside the place and saw about twenty-four young girls, boys and immoral women visit the place, and there were dozens of prostitutes on the sidewalk. If Mr. Kucks' application is granted, the speaker said he would assume the lease himself to prevent less of the same.

Mr. C. H. Kucks. One of the bankers of the city had said that he did not wish to sign the protest, but thought it was a nuisance. He said he had the place continued, and if he had the authority he would drive it out of the block. Among those who went in were girls whose dresses did not come to their shoe-tops. Some of them came out and some remained in. Part of those who went in were accompanied by men. He did not think they were "toughs," but could not express a conscientious opinion as to the girls or their escorts. He did not know what was done there. He had observed the place several times and was willing to say that there had been an improvement in the conditions since the protest was filed.

Mr. Church—Dr. Brown, is it not a fact that the Kahn Bros. are back of you in this matter? I mean in regard to the lease. You say that you are willing to assume the lease of that saloon if the license is refused. Now, you don't want to run that place yourself. Is it not a fact that you are to assign the lease to Kahn Bros.?

Dr. Brown—I do not see that that part of the matter concerns this action at the present time. Your client will suffer no loss. That is all that I am prepared to say.

L. S. Church appeared for Mr. Kucks and presented an indorsement of the place, and asking the granting of the license, which was signed by about fifty business men in the immediate vicinity.

In addition to the petition Mr. Church desired to call a number of witnesses to show what the place really was. Dr. Brown raised the point that the rules provide that no one not a resident of the ward in which a saloon was asked for should be heard as a witness.

Sergeant Green of the police force was sworn and testified that he had gone into Kucks' place twice each evening under orders of Captain Peterson and had found women there with their husbands and escorts; that he had never found any one there under age; often the proprietor or the waiters have asked him to inquire the ages of those suspected of being under age; it is a German beer garden; orders have been given not to allow crowds to congregate there, and the proprietor has had a man there to see that no crowds did congregate; there are no private rooms; never had seen young girls there alone; but have seen grown women; have seen women there sitting at the

tables and thought they were drunk; have seen women there sitting by themselves at tables whom he knew to be immoral women; has never seen any boys there whom he thought to be under 18 years of age; has seen the wives of both of the proprietors there frequently; seen the son of the cook go in frequently through the saloon to enter the kitchen; once took a girl out whom he thought was under age, but she denied that she was and he brought her up to the captain's office. No women have ever appeared to him for protection or complaint of being insulted there.

Policeman R. V. McSorley—I have been on that beat since the 10th of last January. I think I am familiar with the law. The street is always kept clear, because we have had orders to keep all crowds away from there.

Dr. Brown—I should like to ask the officer how he knows that small boys are always with their parents.

McSorley—I should judge they were. They were sitting with older people.

Officer Bert Brown testified that he knew C. H. Kucks' place and has been on that beat since the 10th of September and had seen nothing that did not comply with the law; and never been called to quell any disturbance; there is a men's department and a women's department; had never seen any young girls there alone; his seen families there, but not later, usually, than 11 o'clock; prior to 10 o'clock the new way of women there would be about ten or twelve; had never seen any street-walkers there.

Mr. Elliott then in evidence was very clear and the committee has now to vote upon the question, and that the question seemed to him to be whether or not the Council wanted to license and place where women visited.

Mr. Church—I wish to state that Mr. Kucks is a law-abiding citizen. He now wishes to promise if the Council wishes the woman end of this to be dropped to knock out the only partition

## We are Now Ready for Business

## WATCHES CONCEALED IN BALES OF HOPS.

NEW YORK, Oct. 2.—Coming voluntarily from Nuremberg, Germany, to surrender and answer to a charge made by the government of entering a fraudulent invoice, Paul Reinemann has been arraigned before United States Commissioner Shields and entered a plea of not guilty. He furnished cash bail in the sum of \$500.

According to the complaint, Reinemann, who is engaged in the ex-

port hop business and had a New York office, shipped a quantity of hops to Carl Neidhardt at Chattanooga, Tenn., valued at \$500. In one of the bales of hops, the complaint says, the exporter placed two dozen top trick watches, valued at \$2 each, which were not on the invoice. The presence of the watches in the hops was in some unknown manner discovered by the government agents, who permitted them to remain that they might arrest Neidhardt after he had taken them out.

The latter pleaded guilty to the charge after indictment by the Federal Courts of Tennessee.

## TO IMPROVE NEGROES.

NEW YORK, Oct. 2.—About one hundred delegates are attending a convention in Brooklyn, having for its object the formation of a national association to improve the conditions of the colored people. Rev. Dr. Dean R. Babitt, in addressing the convention, sectionalism, urged race harmony and pointed out the great dangers in the present situation of dragging the race question into politics.

The object of the delegates is to organize a co-operative society and to establish such commercial and industrial enterprises as life insurance, shoe and provision stores and anything for the benefit of the race.

## NORTH BERKELEYANS ARE FOR IMPROVEMENTS.

### Club Members Will Endeavor to Secure a School Site and Beautify the City Still Further.

BERKELEY, October 2.—A number of questions of more than ordinary interest to the city were acted on last night at a regular meeting of the North Berkeley Improvement Club. The improvers went on record as being in favor of the acquisition of school sites in North Berkeley, to be held for future needs and as of being strongly against the growing practice of crowding large numbers of houses on small areas in the residence sections of the city. The telephone service of the city came in for criticism and it was the sense of the meeting that a sentiment should be created against the practice of littering the streets with papers.

Following a report by Chairman Victor Robertson on the subject, Attorney Earl H. Webb, who was present, said that the law could not prevent people from building as many houses as they pleased on a single lot. It was then decided by the club to mould public opinion, as far as possible against the practice.

Chairman Robertson brought up the subject of acquiring a large school site in the northern portion of the city while land is at its present figure.

"Property values are going up rapidly," said Robertson, "and I think that immediate action should be taken by the club in the matter of acquiring a site." A resolution was carried binding the club to endeavor to have a school block purchased north of Shattuck street and east of Shattuck avenue.

It was decided to attempt to secure the laying of a sewer in Cordonia.

The littering of the streets with paper was deplored and it was agreed to endeavor to create a sentiment to stop the practice.

The telephone service in the city was the subject of considerable discussion which was finally terminated by the reading of the following letter from J. Ellis, Alameda County manager of the Pacific States Telephone and Telegraph company:

"Acknowledging the receipt of September 18th, I beg to say that at the present time we have a sufficient force in Berkeley to put all the telephone lines in order within a very few days. I regard our inability to give proper attention to repairs as has been our practice heretofore, but we have been considerably hampered in our work by our wires and cables being cut by outside parties."

Captain W. H. Marston stated that he would appear before the Town Board of Trustees at their next meeting with an offer to build a fire-house on Shattuck avenue near Vine street, allowing the city to pay for it at its leisure.

"My intention to put up a substantial house," said the captain, "and I am already having plans drawn for the structure."

It was decided to call the attention of the Superintendent of Streets to the repairs made by certain contractors after ditches have been dug in the streets.

An adjournment was taken for two weeks.

#### NAME A CASHIER.

BERKELEY, October 2.—The directors of the University Savings Bank have accepted the resignation of F. S. Page as cashier, and elected John U. Calkins to succeed him. Mr. Page retires that he may devote his attention to other business matters.

M. Calkins has been connected with the Bank of California at San Francisco for the past thirteen years.

The entire stock of the University Savings Bank is now in the hands of the residents of this city and the board of directors consists of the following: Louis T. J. Mason, Dr. Thomas Addison, Charles C. Miller, A. G. Freeman and John Hinkel.

#### COMPETITION OPEN.

BERKELEY, October 2.—A competition open to the students of the University has been announced for a curtain raiser to the football show. Manager N. E. Eddy has appointed the following committee to select the play and arrange the cast: R. C. Rouse, chairman; J. C. Carey, Carl Parker and W. W. Boardman.

The rules governing the contest will be as follows: Any plot will be acceptable, show to occupy between twenty and thirty-five minutes; any musical adaptations may be interpolated, number in cast not limited, but there should be more than ten speaking parts.

The winner of the successful farce will be awarded a suitable prize.

## SHE WILL GIVE A TEA.

MISS JEAN DOWNEY.

BERKELEY, October 2.—An event that is being looked forward to with interest by members of the social set in both this city and Oakland, is the tea to be given on Thursday afternoon, October 16th, by Miss Jean Downey, at her home, 2632 College avenue. The occasion will be the meeting of the Wednesday Afternoon Euchre Club.

Among those who hold memberships in the club are: Miss Jean Downey, Miss Ethel Simms, Miss May Coogan, Miss Bessie Fillmore, Miss Lucetta Furnham, Miss Ada Kenna, Mrs. Irving Burrell, Miss Marion Goodfellow, Mrs. George Davis, Miss Jacqueline Moore, Miss Bessie Reed, Miss Emily Chickering, Miss Ethel Creighton, Miss Edna Barry, Miss Edith Beck, Miss Mollie Mathies and Miss Elsie Everson.

## REHEARSE FRENCH COLLEGE GIRLS ENTERTAIN PLAY. ORIGINAL IDEAS.

### "PHEDRE," THE LAST DEDICATORY PLAY WILL BE GIVEN TOMORROW.

BERKELEY, October 2.—A successful dress rehearsal, preparatory to the presentation of the French play, "Phedre," in the open air theatre tomorrow was held this afternoon in the presence of coaches and a number of critics. The play, which will form the last of the series dedicating the new Hearst amphitheatre was almost perfectly staged this afternoon. Miss Grace Llewellyn Jones, who has the heroine's part, has studied French for some time in Paris. Twice she had the opportunity of seeing Bernhardt in the role and has closely followed many of the ideas of the great actress.

Thomas E. Morrissey, who plays the part of Hippolyte, the proud prince, has been closely identified with theatricals for some time. He has studied faithfully for the part in which he appeared to advantage this afternoon.

### They Will Organize a Rowing Crew, Wear Original Hats and Help Pay the Class Debt.

BERKELEY, October 2.—A number of innovations of a radical nature are in contemplation by the women of the sophomore class of the University of California. They are organizing a class rowing crew, are planning to wear class hats and are adopting a number of other projects. The schemes of the co-eds will be discussed at a meeting that has been called for next Monday morning at 11 o'clock.

The young women have already decided to add rowing to their list of sports and are now making arrangements to purchase a boat. The idea of having class crews is new and it is expected that the new departure will create a furor.

Although the custom has been practiced for some time in other universities the wearing of distinctive class hats by the sophomore class is new. It is proposed to wear a new style, similar to those worn by the men of the class.

The co-eds will also discuss at their class meeting the feasibility of organizing a number of informal social affairs that the members of the class may become better acquainted with one another.

Holding ideas of gallantry entirely original, a number of the co-eds are championing the idea of leaving an assignment on the girls of the class for the purpose of assisting the men for paying for the damage done at the recent rush participated in by the men of the class, which resulted in the destruction of considerable property and a large doctor's bill as the result of acid throwing, in which Frank C. McInnis nearly lost his eyesight.

no attention to the small swelling which caused until it began to grow to enormous proportions. He is now under the care of a physician and heroic measures are being taken to prevent the spread of the poison.

#### A FORENSIC CONTEST.

BERKELEY, Oct. 2.—The members of the Forum, the debating society of the Berkeley High School, will hold a forensic contest before the school in the assembly hall next Monday morning.

The question to be argued is: "Resolved, That skilled labor shall be kept out of the United States." The affirmative side of the question will be upheld by Bourdon Holden and Thomas Stoddard while Samuel Batdorf and Arthur Bolton will speak on the negative.

#### USE SIDE ENTRANCES.

BERKELEY, Oct. 2.—For a short time this morning it looked as though the members of the faculty and students at the Berkeley High School would be compelled to use the side entrances of the building as when an attempt was made to unlock the front door they found their ingress barred. An examination showed that the large key had become tightly wedged in the lock. It was sometime before the door could be opened under the skillful hands of a locksmith.

#### SOCIAL AFFAIRS.

BERKELEY, Oct. 2.—The second of the informal "jolly-ups," under the auspices of the Young Men's Christian Association of the University of California, will be held tomorrow evening in Sutter Hall. The program will be entirely informal, consisting of the singing of college songs and the playing of games.

During the evening refreshments will be served.

It is proposed to hold these informal gatherings weekly during the year that the men of the organization may have the opportunity of becoming better acquainted with one another.

#### DANCE TO BE HELD BY FRESHMAN CLASS.

BERKELEY, October 2.—That the members of the Freshman class of the University may become better acquainted with each other a dance will be given by the co-eds next Friday evening in Shattuck Hall. The following committee has been appointed to take charge of the affair: Miss Marion Van Horn, Miss Kate Ogilvie, Miss Mary Gilmore and Miss Cornelia Stratton.

#### BITTEN BY MOSQUITO.

BERKELEY, Oct. 2.—V. H. Parkinson, a well known resident of this city, is suffering from a severe case of blood poisoning caused by a mosquito bite under the left eye. His face is beyond its normal size and serious results are feared.

It was several days ago that the insect stung Mr. Parkinson, who paid

# HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDENGATE

## WILL ENTERTAIN TOMORROW.

### ELABORATE PROGRAM WILL BE RENDERED FOR SAN LEANDRO CATHOLIC CHURCH.

SAN LEANDRO, October 2.—The entertainment in aid of St. Leander's Church on Saturday evening promises to be a great success. Tickets are being sold and sought for, and a large number of houses are being crowded to the performance. J. Taler, of this city, who has won a high place as a vocalist, is to give a tenor solo.

## Bright's Disease and Diabetes News

San Francisco, Sept. 28, 1903. The mails last week brought a number of letters from patients recovering and making complaint. We give the latter in full:

Everett, Wash., Sept. 17, 1903. J. F. J. FULTON CO.—Gentlemen: I feel that myself and everyone else having Bright's Disease and Diabetes in every form of this disease, will be very glad to hear of your Compound having valid reasons for what are first of all, the best of all methods.

On April 14 of this year, while suffering from kidney trouble I entered the drug store of your city seeking a remedy. They told me of the FULTON Compound, and I bought it. Later I was told to get another bottle in Salem, Mass., after using out of it two weeks, I was out of it two months, and finally I was out of it three months, and finally I was out of it four months, and finally I was out of it five months, and finally I was out of it six months, and finally I was out of it seven months, and finally I was out of it eight months, and finally I was out of it nine months, and finally I was out of it ten months, and finally I was out of it eleven months, and finally I was out of it twelve months, and finally I was out of it thirteen months, and finally I was out of it fourteen months, and finally I was out of it fifteen months, and finally I was out of it sixteen months, and finally I was out of it seventeen months, and finally I was out of it eighteen months, and finally I was out of it nineteen months, and finally I was out of it twenty months, and finally I was out of it twenty-one months, and finally I was out of it twenty-two months, and finally I was out of it twenty-three months, and finally I was out of it twenty-four months, and finally I was out of it twenty-five months, and finally I was out of it twenty-six months, and finally I was out of it twenty-seven months, and finally I was out of it twenty-eight months, and finally I was out of it twenty-nine months, and finally I was out of it thirty months, and finally I was out of it thirty-one months, and finally I was out of it thirty-two months, and finally I was out of it thirty-three months, and finally I was out of it thirty-four months, and finally I was out of it thirty-five months, and finally I was out of it thirty-six months, and finally I was out of it thirty-seven months, and finally I was out of it thirty-eight months, and finally I was out of it thirty-nine months, and finally I was out of it forty months, and finally I was out of it forty-one months, and finally I was out of it forty-two months, and finally I was out of it forty-three months, and finally I was out of it forty-four months, and finally I was out of it forty-five months, and finally I was out of it forty-six months, and finally I was out of it forty-seven months, and finally I was out of it forty-eight months, and finally I was out of it forty-nine months, and finally I was out of it fifty months, and finally I was out of it fifty-one months, and finally I was out of it fifty-two months, and finally I was out of it fifty-three months, and finally I was out of it fifty-four months, and finally I was out of it fifty-five months, and finally I was out of it fifty-six months, and finally I was out of it fifty-seven months, and finally I was out of it fifty-eight months, and finally I was out of it fifty-nine months, and finally I was out of it sixty months, and finally I was out of it sixty-one months, and finally I was out of it sixty-two months, and finally I was out of it sixty-three months, and finally I was out of it sixty-four months, and ## LISTEN TO MANY PROTESTS.

COUNCIL HAMPERED BY OBJECTIONS TO MARKET STREET IMPROVEMENT.

A number of citizens were present last night at the meeting of the Street Committee to protest against the proposed improvement of Market street. Judge C. N. Fox, in speaking on the subject said, "There is little necessity in my opinion to regrade this street at the present time. I have been on that street since 1870 and it has been put in condition at stated intervals."

The City Council has treated this street as an accepted street. Meese.—Pardon me, Judge. Did you say that that street is an accepted street?

"It is de facto."

"Is it not a fact that the city for the last twenty years has made the improvements on it and saved the property owners all the expense?"

A communication was read from Luigi Marini stating that he had not authorized his name to be signed to protest against the proposed improvements and asked that it be withdrawn.

W. P. Slattery, addressed the committee and said that Marini had been intimidated into having taken this action. Slattery said that Marini had started a protest and that he had been told by Mr. Meek that he could not get a license for his saloon if he protested. Such action was disapproved by the Council so far as the action of Meek was concerned and it was stated that his name should not go into for or against the proposed work.

Lewell J. Hardy desired to say his name did not appear upon the protest because it was not presented to him, but while he permitted one to say he was more public spirited than himself, he did wish to go on record as being against it. If it were to pave the lower portion of the street, he would be willing to pay his proportion, but up about Seventh street there is no public

necessity for the proposed improvement. It is not in favor of going north. Seventh street, but is in favor of doing street work where ever it may be actually necessary and willing to pay his proportion of the expense. Says the town needs improvement in many places, but had no definite suggestions to make as to particular places.

Mr. Elliott thought it did not show a proper public spirit to want only the part of the city in which one was particularly interested improved, but that the people ought to get together. Said he and Mr. Hardy made speeches during the campaign promising to make public improvements. Believes we have to put our personal feelings in the background and get together. Market street, Telegraph avenue and other streets are a disgrace to the city. Asked the protestants not to stand out on the Market street proposition because it would encourage protests from other localities where work was needed.

Mr. Meese thought all of Market street was very bad and should be fixed all the way along. Councilman Wallace thought the matter of improvement suggested by the protestants resembled the repairs on the "horse-drawn" and would be a patched-up affair at best. Because of doubt as to whether or not the petition was a majority one, the matter was laid over for investigation until the next meeting of the committee.

NOON LUNCH AT ST. FRANCIS FAIR.

While the fair for the benefit of St. Francis de Sales Church is in progress a lunch will be served daily in the hall at reasonable rates, from 11:45 a. m. to 1 o'clock p. m. During lunch there will be no soliciting by fair attendants for patronage of any of the tables in the hall.

LEASED THE WHARF.

The bonds of James P. Taylor and the Diamond Freight and Express Company were filed today to secure the payment of the monthly rental of the city property leased to them by action of the Council at its last meeting. Mr. Taylor pays \$300 per month for five years for the Franklin street wharf and the express company \$50 per month for eighteen months for the Main street wharf.

ORDINANCE IS VALID.

City Attorney McElroy reports to the Ordinance and Judiciary Committee of the City Council that the ordinance is valid for using curb grades in certain portions of East Oakland, reference being made in the ordinance to a map filed by the City Engineer.

## MUCH IS ON HAND AT YARD.

WEST OAKLAND YARDS START NEW MONTH FULL HANDED.

The month of October starts off with an extraordinary rush of work on hand. That it may be depended on to continue throughout the month is evident, and it is due only to natural causes. These are three: the nearness of completion of the new round house; like condition as regards the car float, and, possibly the foremost, the fact that much heavy work never before attempted here, is now being done daily at the local shops.

The round house keeps a large force of carpenters constantly on the jump, car float No. 2 necessitates a full gang of ship and yard hands, and the heavy work requires close attention, and sometimes night and day hours of the machinists.

All of which is proving of no little benefit and satisfaction to company and employe alike.

NAPTHA PROPOSED AS A SUCCESSOR TO STEAM.

Of general interest to railroad men is the argument recently aroused in the West as to the advisability of substituting gasoline engines for steam locomotives on branch and suburban lines. The experiment has been watched with keen interest by the various railroad companies of the West, and is said to have proved successful on branch lines of the Burlington.

The writer in favor of the proposition says:

"Railroad men say the gasoline car is so reasonable it is a wonder no one has thought of it before. They point to the gasoline automobile, and ask why, if such a machine can be driven from San Francisco to New York over turnpikes and country roads, people should never before have thought of its usefulness on railroads, where it is most obviously more powerful. The officials point out two uses to which they think the gasoline car will be most certainly be put. They say it will come into universal use on suburban lines. The Illinois Central has been studying for a long time what it could substitute for locomotives on its main line. The only course it had was to use electricity, and there are many objections to that power that it has never been adopted. It is suggested that the Iowa experiment has solved that problem. The other field in which the gasoline car may come into use is on elevated lines and surface street-cars. It is pointed out that if this motor will work satisfactorily on a street car, it will save the immense expense of electrical plants."

The Western Electrician takes up the question with a will, as may be seen by the following answer:

"We have no great fear that gasoline engines will supersede electric motors in street railway operation, either on the score of efficiency, economy of operation, or as pleasing the traveling public. But our attention is arrested by one statement in the quotation given. It is to the effect that there are so many objections to electricity that the Illinois Central Railroad Company has never adopted it for use in its suburban lines. We should like to know what these objections are. Is it feared that the electric locomotive, emitting torrents of cinders and billows of black smoke, will bring discredit on the road in connection with the change? Is it feared that the electric locomotive will be a hindrance to the car windows and the plans provide that the tubes must be roomy enough to allow ample width for these walks. The object of the walls is to provide exit for passengers in case of accident. From the car windows it will be easy to step to the avenues of safety and it is calculated that the two walks will contain room sufficient to provide a way of egress to as many passengers as can be accommodated within the car."

SEVERAL OF THE BOYS ARE SLIGHTLY INJURED.

Harry Haines, boilermaker, received a slight cut over the left eye yesterday while working in the back shops. A splinter from a flying rivet caught him, just over that optic.

Tom Lacey burned the index finger of his left hand with a red hot rivet. Other injuries were dressed by "Doc" Muir.

TIM HYNES RETURNS FROM A LONG TRIP ABROAD.

Tim Hynes, boiler inspector, who left last July for Ireland, accompanied by Mrs. Hynes, has returned from his long trip and dropped in Wednesday night at the shops to look up his old friends. He spent a very pleasant time at his old home, and settled his father's estate satisfactorily.

Hynes returned on the White Star

liner Germania, which made record time for the trip.

NEWSY NOTES OF INTEREST PICKED UP AT THE YARD.

Tony Jordan, boilermaker under Cooper, challenged the winner to the McArley-Walker bout which was held before the West Oakland Athletic Club. McArley the victor, is a pretty hard proposition, but Tony believes he can solve him. Those who have seen Jordan work are confident that it is as a prize fighter and not as a riveter that he will make name and fame.

Dick Murphy, plane hand, who has been off a few days, came back to work yesterday and will take Jones' lathe until the latter returns from a two weeks' lay-off.

Chris Pilsen, boiler-maker helper, who has been off the last three weeks, will take the mud-bath treatment at Byron Springs for inflammatory rheumatism.

John Slavin, after thirty-five years of active service in many capacities, from master mechanic to gang foreman for the Southern Pacific company, has been promoted to the position of test-engineer for the western division, with headquarters at West Oakland. This position calls for particular accuracy in regard to the testing of all steam gauges. Mr. Slavin's friend, Al Join in best wishes for his advancement.

Harry Erickson, blacksmith, felt indisposed yesterday and took a lay-off.

John Redman, who for the past three weeks has been off, will leave shortly for Byron Springs.

A large steam shovel arrived at the yards yesterday for general repairs. The shovel is the property of Stone Brothers.

George Ford, one of the oldest engineers in the employ of the Southern Pacific, dropped in to visit friends at the shop recently.

The link gang will take quarters in the motor-house as soon as it is completed. The duties of the link gang are of the highest importance, and it will have adequate facilities to handle them.

Charles Christensen has a gang of men at work cleaning the sky lights in the machine shop.

Blair Edwards, blacksmith of big round fire No. 6, has been engaged for several days overhauling the large mud ring of engine 1416.

Claudius Pelton recently hung the left hand guides of engine 2004 under the supervision of T. Edgar.

Engine 2034 is over the round house drop for an overhauling.

Passenger engine 1391 was wheeled yesterday.

The boilers of engine 2004 were tested yesterday under hydraulic pressure.

Engineer R. W. Gray is to leave soon for Red Bluff, where he will cash a well-earned rest.

Engineer G. H. Peterson will enjoy his outing at Truckee.

Engineer Tom Enor has left for Winnemucca.

## TUNNEL UNDER NORTH AND EAST RIVER.

NEW YORK, October 2.—After months of consultation between eminent engineers of this and other cities, the Pennsylvania Railroad Company finally decided upon the methods by which it will build its tunnels under the North and East Rivers and Manhattan Island and has advertised for bids on the work and material.

The construction beneath the North River will consist of two single cast-iron tubes, entering this city at the foot of West Second street and running under that city. They will be built by the Shield process. Cast iron tubes will be built in sections below which the shields are pressed forward and inside the cast iron will be a lining of concrete.

Among the many productions arranged to make the tunnel as safe as possible, will be two concrete sidewalks built inside the tubes on a level with the car windows and the plans provide that the tubes must be roomy enough to allow ample width for these walks. The object of the walls is to provide exit for passengers in case of accident. From the car windows it will be easy to step to the avenues of safety and it is calculated that the two walks will contain room sufficient to provide a way of egress to as many passengers as can be accommodated within the car.

Every car, it is claimed, will be fire-proof. The tunnel itself will be fire-proof. The signal system will be the most perfect known. The lighting power will be separate from that which furnishes operating force, and there are to be numerous hydrants and hose nozzles ready to be put into immediate use in the event of fire.

The soil beneath the river is soft, and the tubes will not be laid deep enough to reach a natural rock bed. Hence, they will rest upon what is known as a screw pile foundation, made of iron. The East river tunnel will be of similar construction, carrying over tubes.

The underground station in this city will extend from Seventh to Ninth avenues and from Grand street to Third street. The plans provide that it shall be about forty feet below the street level. Although entirely underground, the station will be the largest in the world in respect to width.

ADVERTISEMENTS.

## OPENING DAYS

# Chicago Wholesale and Retail Millinery House

We are showing this week, an elegant line in the NEW THREE-TONED VIOLET SHADINGS. Popular San Francisco styles, only you can get the same here for half the money. That is why San Francisco people come to us.

## WANTS COUNCIL TO FIX DAMAGES.

In regard to the damages asked for by the Rev. James Curry, sustained by falling from his bicycle, as he claims, through a defect in the sidewalk, the following letter was read at a meeting of the Finance Committee last night.

"Mr. J. E. Wallace, Dear Sir:—As Committee of the City Council to whom was referred my case, you ask me to present a claim for injuries received in my late accident.

"My expenses for fees from doctor and dentist, who prepared splints for my jaw, medicine, material, expenses at Fabiola Hospital and a few other necessary expenditures, are something over, but we will call it even \$200. Loss of two months' time at \$3.35 a month, \$66.70. Total actual expense \$366.70.

"For personal injury and suffering, how much?

"I would not pass through it again for \$10,000, but the honest Councilmen put themselves in my place and say to themselves how much I should receive for a broken jaw, fractured nose, battered face, nervous shock, pain suffered, etc. I will accept a reasonable sum as you suggest. Very sincerely yours,

"JAMES CURRY."

The matter was referred to the City Attorney for his opinion.

ONLY A REPRIMAND.

Henry Gallagher, a young milk wagon driver for Farnham's dairy, arrested for disturbing the peace of Mr. Witbeck by pounding on the house and ringing the door bell because of alleged failure to pay a milk bill, was reprimanded in the Police Court this morning and discharged. The judge told him that while he had no right to commit the acts complained of he was not satisfied as to the truth of all the evidence introduced against him and would, therefore, let him go.

CITY ASSESSMENT ROLLS.

City Treasurer Pelton Taylor is beginning to receive the rolls from the Assessor's office from which to make up the tax receipts for 1903-4, three of the total of twenty-six being now in his possession.

These bills should all be ready by the 12th of this month, but owing to the delay in fixing the rate the work has been retarded fully two weeks. It will, however, be pushed along as rapidly as possible and all the books are expected very shortly now.

DROWNED HIMSELF.

## "No More Aches and Pains."

No. 226 Perdue Street,  
NEW ORLEANS, LA., March 27, 1903.

For over nine years I had been troubled with leucorrhoea. The discharge was yellowish at times, but after the menstrual period it would become reddish, acid and exorbitant. This exhausted my system. I was continually tired while my appetite was poor, my digestion very bad and my sleep light and feverish.

Wine of Cardui was the one remedy which helped me in my distress. I soon found that it relieved the pain and imbued me with new strength and after the use of 22 bottles I was well. No more discharge. No more aches and pains and oh, what relief, only those who have had my experience can appreciate the value of such a fine medicine as Wine of Cardui.

Anna D. Moore  
VICE-PRESIDENT, UNITED DAUGHTERS' INDUSTRIAL CLUB.

# WINE of CARDUI

Does not this letter convince the most skeptical sufferer that Wine of Cardui will bring her health? It is difficult to imagine a case where there are more discouraging features than this before Mrs. Moore began taking Wine of Cardui. Leucorrhoea is an inflammation of the vagina. It is really decay in the vital organs of womanhood. This inflammation often drives women into the direst stages of nervous excitement. At the menstrual period the continual itching is accompanied by the utmost agony. The life of the woman who lets this trouble run on as Mrs. Moore did is one of misery. But Mrs. Moore did not know what medicine to take to cure it. When she had Wine of Cardui brought to her attention she took it and continued the treatment until she was cured. The case was a chronic one and it took persistent effort to bring a permanent cure.

This cure can be secured by any woman who takes Wine of Cardui. Mrs. Moore tried everything else and continued to suffer. She tried Wine of Cardui and was cured. You can treat your case successfully in your own home and nobody need know anything about it. Secure a \$1.00 bottle of Wine of Cardui today and begin the treatment.

## UNIQUE WEDDING CREMONY.

Modern Pocahontas Will the Bride of John Bridge.

**JOHN BRIDGE.**  
(Photo Dorasz.)  
John Bridge of Oakland, post suthem of Alhwanee Tribe, No. 58, of Red Men, and Miss Edith Hurley, the modern Pocahontas of Yosemite Council, No. 18, will be the principals in a unique wedding ceremony at 8 o'clock Monday night, October 5th. The wedding will be a elaborate as the order of Red Men can make it. Rev. P. C. MacFarlane, of the Alameda Christian Church, will perform the ceremony in the temple of the Yosemite Council.  
In attendance will be brides and maidens in gay array, bedecked with beads, paint and wampum. Miss Catherine Ledema, the Winona of Yosemite Council, No. 19, will attend this modern Pocahontas.  
After the ceremony the Red Men will tender a reception to the bride and groom, whose future home will be in Fruitvale.

## PERSONAL AND SOCIAL.

**GEORGE C. DAVIS, A POPULAR YOUNG BUSINESS MAN WEDS MISS FLORENCE LOWEN.**

Miss Florence Lowden and George C. Davis were married last evening at the home of the bride, 971 Center street. Only the relatives of the two families witnessed the ceremony which was performed by the Rev. J. K. McLean, who united the groom's parents in marriage years ago.  
The rooms were beautifully decorated with pink tiger lilies, bamboo, autumn leaves, trailing vines and graceful draperies. Mrs. Frances having superintended the decorations. During the ceremony, the bride and groom stood within a bower framed with bamboo and lined with pink tiger lilies, while autumn leaves and trailing vines were gracefully arranged over gridded archways.  
Little Helen and Kenneth Lowden, the bride's sister and brother, were the only attendants. Miss Helen wore a pretty frock of India silk and carried a bouquet of maidenhead fern.  
The bride was becomingly gowned in a simple made liberty gown, the only trimming being a berthe of duchesse rose point lace. Her veil was fastened coronet-like to the coiffure, and her bouquet was a tower of bride roses.  
Following the ceremony an elaborate supper was served, the bride party being seated at a large round table upon which were vases of lilies of the valley and delicate ferns. From the center place narrow pink ribbons radiated in irregular fashion attached to tiny hearts of lilies of the valley. Before the places of the bride and groom two hearts were entwined and pierced with a golden arrow.  
Mr. and Mrs. Davis will be away on their honeymoon about two weeks, spending a part of the time in Monterey. Upon their return they will reside in the Davis home in Thirtieth street, which was a gift to the young couple from the groom's father.  
Mrs. Davis is the daughter of W. H. Lowden, manager of the Norwich Union Insurance Company in San Francisco, and a pioneer resident of this city. She is a graduate of the Oakland High School and a talented musician, being a member of the Wednesday Morning Musical Club.  
The groom is the son of Mr. and Mrs. William R. Davis of this city, both of whom are well known. Mr. Davis was a former Mayor of Oakland and is a prominent attorney. Mr. Davis Jr. is associated with the real estate firm of Woodward & Watson and is a successful young business man.

**RECEPTION FOR MOSIS.**  
The Starr King Fraternity will tender a reception to Professor Moses next Thursday evening in Wendt Hall of the Unitarian Church. Professor Moses has just returned to his work in the University of California. He is a graduate of the Oakland High School and a talented musician, being a member of the Wednesday Morning Musical Club.  
The groom is the son of Mr. and Mrs. William R. Davis of this city, both of whom are well known. Mr. Davis was a former Mayor of Oakland and is a prominent attorney. Mr. Davis Jr. is associated with the real estate firm of Woodward & Watson and is a successful young business man.

**HAPPY BIRTHDAY PARTY.**  
Little Miss Mildred Frances Wilson entertained fourteen of her young friends last Saturday afternoon at her home, 1067 Grove street, the occasion being the fourth anniversary of her birth. The house was prettily decorated with lanterns and evergreens. When the little ones sat down to do justice to the good things their eyes were on the little hostess, who was to cut the birthday cake, which was decorated with fancy ornaments and four little candles. The guests were Evelyn Whipple and Marion Jones. Mildred received many beautiful presents. Those present, besides the little hostess, were: Lillian Smith, Freda Koster, Myrtle Mitchell, Alice Phillips, Miriam Ellsworth, Evelyn Whipple, Little Dena Leimert, Dayton Jones, Vermeer Smith, Adeline Young, Frederic Kaiser,

**MAPLE HALL ASSEMBLY CLUB.**  
The Maple Hall Assembly Club met at Maple Hall last evening and elected the following officers and committees: President, J. Falkingham; vice president, Mrs. C. R. Falkingham; secretary, Mrs. Gertrude M. Gansett; assistant secretary, Otto Burmeister; treasurer, W. W. Chapman. Reception committee—Miss Daisy Blodgett, W. R. Gray and Miss A. Davis. Floor Committee—W. W. Chapman, chairman, and Miss Mary Robinson and J. Falkingham, assistants.  
The songs of the Club are to be pink and white. The next meeting will be held at the call of the president. This club has a membership of over 100, and is one of the largest social organizations of Oakland. It gives a social hop every Tuesday evening.

**THEY ARE ENGAGED.**  
Formal announcement of the engagement of Miss Elsie M. Madsen and Charles E. Lloyd will be made at a reception to be given soon at the home of the young lady's parents, 1814 Market street.  
The wedding date has not been set, but the ceremony will be celebrated during the winter months. The bride-to-be is the daughter of Mr. and Mrs. J. A. Madsen and is an accomplished musician. Mr. Lloyd holds a position with the Southern Pacific Company.  
The time for the reception at which the engagement will be announced has not been definitely set, but will be during the present month.

**COLLEGE AFFAIR.**  
The first shovelful of earth for the beginning of active work on the new bell tower at Mills College, was formally turned over today by Mrs. C. T. Mills, the venerable founder and president of the institution. The tower will contain a chime of bells given by David Hewes, which will toll the hours of the day. The ceremony today was witnessed by the assembled students and faculty and a few invited friends.

**WEDDING NEXT WEEK.**  
One of the most interesting events of next week will be the wedding of Miss Margaret Craig and George Newell at the Craig residence in Piedmont, Wednesday evening, October 7. About 100 invitations have been sent out. The bride will be attended by her sister, Miss Jessie Craig, and will be escorted by Mr. Newell. The groom is a resident of San Francisco and is engaged in business in San Francisco. The young people will reside across the bay, in their future home, on Green and Webster streets, being newly ready for occupancy.

**BOUGHT A HOME.**  
Dr. and Mrs. Charles Rodolph have purchased the old Grimes home on East Fourteenth street, and it will be remodeled and ready for their occupancy next month.

**LADIES' NIGHT.**  
The local lodge of Elks, which recently moved into its new building on Fourteenth street, near Broadway, has announced that on October 11 there will be given a promenade concert for the benefit of the wives and sweethearts of the members of the lodge. The new home of the Elks is said to be the finest club and lodge room in the State.

**NOTES.**  
The education section of the Mutual Benefit Club, which is under the direction of Miss Lorena Hoag, the gifted young lady, has resumed work for the season and meets every Tuesday evening at the club rooms on Jefferson street, near Thirteenth.

**HOSPITAL CORPS.**  
The headquarters of the Hospital Corps of the Fifth Regiment, N. G. C., which have heretofore been located in the Macdonough building, adjoining the office of Dr. J. P. Dunne, major and surgeon of the regiment, have been moved to the armory of the command on Twelfth street, near Broadway. The complement is perfect and complete having recently been added to by a stock of supplies and instruments such as would be of incalculable service on the field.

The other officers of the corps, with the rank of captain in this city, are Dr. R. B. Williams, the well known physician and surgeon, and Dr. O. C. Hyde. The transfer has been made because Dr. Dunn is obliged to utilize the quarters formerly used by the corps in conducting his own private surgical and medical business.  
There are many forms of nervous debility in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

## ADVERTISEMENTS.

## IT DASHED DEATH ASIDE.

BULLETS GOING TOWARD HEART OF VETERAN STAYED BY TESTAMENT.

Walter G. Jones, a veteran of the late Civil War, owes the saving of his life in two different battles in that struggle to the accidental interposition of a little testament which in each instance, stopped a bullet that otherwise would have gone straight to his heart.  
Jones called at THE TRIBUNE this morning and exhibited the volume of the Word of God which had served as a shield between himself and instant death.  
Jones enlisted in Troop C, Eighth New York Cavalry, at Smithville, Seneca county, New York. As he was leaving for the seat of war he was given a small bible, published by the American Bible Society in New York in 1860. He was asked by the honor to carry the testament in a pocket on the inside of the left breast of his blouse, stating at the same time that if the volume did him no good it could certainly do him no harm.  
On October 19, 1864, in the battle

of Cedar Creek, a rebel bullet tore through his blouse, struck the testament, pressed its point against his side and skinned him from the effect of the impact.  
When Jones regained his composure, he reached for the testament, and found that a minute ball had perforated the cover of the book and pierced about a couple of hundred pages, but could go no farther, although the indentation made by the missile was visible on a number of pages beyond that point. The bullet, stayed in its course, lodged in the book and fell to the ground as soon as Jones opened the volume to investigate how he had been saved from death.  
Within an inch of the bullet hole referred to is a second orifice which was made by the same kind of a ball at the battle of Appomattox, April 9, 1865, and which was made in the same way. The ball in this instance, however, penetrated to a greater depth through the testament than did the earlier one and made a blunt indentation on a greater number of pages than did the earlier missile but it also failed to reach Jones' heart.  
Both bullets have also been preserved.

On the page on which the last perceptible mark of the most dangerous bullet is visible is the following sentiment:  
"Those who put trust in Me I will in no wise cast out."  
This is considered one of the most remarkable instances of the casting aside of deadly missiles by means of pocket volumes and is believed to be the only case in which one book accomplished that purpose on two different occasions and on fields distant about 600 miles.  
Jones came here to attend the G. A. R. encampment. His present home is at McDonough, New York.

**ERECT STATUE FOR GOVERNOR GOEBEL.**  
NEW YORK, Oct. 2.—Arthur Goebel, brother of the late Governor Goebel of Kentucky, is in this city to inspect the model of a statue to be erected in memory of the assassin's victim. The monument, which is to cost \$15,000, donated by public subscription, will stand in the Frankfort (Ky.) cemetery.  
The figure is ten feet high. It shows Mr. Goebel standing beside a Gothic column, his left hand, slightly behind him, holding a manuscript, while the right hand falls naturally with hand firmly clenched. The statue with its pedestal when complete will rise thirty-two feet from the base. The statue will be of granite and adorned with a female figure of Fame, prostrated with grief. This also will be brought out in relief in bronze. It is hoped to unveil the statue on the anniversary of the Governor's death.

## 47,000 IMMIGRANTS.

NEW YORK, Oct. 2.—Statistics for September show that 47,852 aliens arrived at Ellis Island during the month being an excess over the corresponding month last year of 5,503. October opened with the arrival of 3,013 for the first two days.

## DISORDERS LIKELY TO FOLLOW.

BEIRUT, Oct. 2.—Ignoring the unanimous request of the consuls, the Porte has appointed Khalil Pasha as Wali of Beirut. It is feared that disorders will ensue on the departure of Nazir Bey, the acting Wali.

## WILL DIRECT THE MUSIC.

**CLINTON R. MORSE.**  
BERKELEY, Oct. 2.—The first of a series of informal concerts to be held by the De Koven Club, the new musical organization of the University of California, at the various fraternity houses, was held at the Chi Psi chapter house, Clinton R. Morse, a graduate of the university, was elected director during the business session which preceded the musicale. He was a former pupil of Bjorksten, being the possessor of a fine tenor voice. He is exceedingly popular among the college musicians.  
Last night the songs of several leading American composers were sung by the alumni and undergraduate students, who will give an invitational concert each term after the manner of the play of the Sigma and Kappa Societies.  
The members of the club are: Charles Elston, Allen Smith, James R. Davis, Charles B. Mills, Mark White, Mark Daniels, Howard Merrill, Walter De Leon, Jo Miller, Dr. S. D. Black, Melvin Jeffries, Dan Fisserenden, A. C. Macleish, William Powell, Harry Baldwin and Milton Schwartz.
